Annex 1 – Common messages to the Western Balkan partners

[General support]

- Welcome the dynamic and recall the long-standing and close partnership between the EU and Western Balkan partners and express the EU's desire to continue and deepen this mutually beneficial cooperation, built around shared priorities.
- Express the commitment to maintain and further strengthen the EU-Western Balkan relations in line with the EU's enlargement policy.
- Emphasise the EU's political commitment to strengthening its relationship with the entire Western Balkan region, including in the Home Affairs area, and particularly with regard to border management, asylum and reception, return and readmission, the fight against smuggling and visa policy alignment, in line with the EU Action Plan on migration for the Western Balkans

[Socio-economic support]

- Highlight the Economic and Investment Plan for the Western Balkans. European Commission has unveiled a substantial EUR 3.2 billion investment package to support transport, digital, climate and energy connectivity projects in the Western Balkans. The projects are designed to bring tangible benefits to all six partners in the region.
- Point out that the Economic and Investment Plan is set to mobilise up to EUR 30 billion of investments. The Plan will help close the development gap between the European Union and the region and support the post-pandemic economic recovery.
- Underline that the EU is providing humanitarian and development assistance to many of the key countries of origin from which migrants usually flows to the Western Balkans as well as to persons displaced from Syria and Afghanistan to neighbouring countries.
- Underline EU support to ensure that guarantees and protection will be provided to vulnerable groups of people in transit countries.

[Priorities in the field of migration management]

- The EU remains committed to provide capacity building, with the aim of Western Balkan partners' taking full ownership of their asylum and reception systems. In the meantime, the EU is committed to continue providing material, technical, financial and operational assistance to ensure that the asylum and reception systems of Western Balkan partners are able to manage increased migration flows, while ensuring democratic values, respect for human rights and the rule of law.
- Emphasise the great importance to align visa policies in the region with the EU visa policy and ensure the implementation of commitments by Western Balkan partners in this regard.
- Underline the importance of adopting a comprehensive approach to migration governance, which entails tackling the root causes of irregular migration, combating migrant smuggling and trafficking in persons, ensuring dignified and sustainable return and reintegration, and other aspect of migration and mobility.
- Highlight the importance of awareness-raising and information campaigns which draw migrants' attention to the opportunities, risks and measures undertaken.
- Promote the increased joint operational efforts and coordination between EU Member States, Western Balkan partners and countries of origin to disrupt smuggling networks.
- Emphasise the regional EU-funded 'Anti-Smuggling Operational Partnership' that was launched to strengthen cooperation through joint investigations, stronger exchange of information, joint training for law enforcement and the judiciary and capacity building. The Operational Partnership will build on several ongoing initiatives, including the 'Common Operational Partnership' (SCOPE) and the operational activities under EMPACT.
- Highlight that the implementation of the regional anti-smuggling and trafficking action for the Western Balkans worth EUR 36 million has started (June 2023), with the objective of strengthening cooperation on police operations, investigations and prosecutions.

[Border management]

- Emphasise the increased EU support for border management in the Western Balkans.

- Highlight the need to improve the coordination and implementation of planned measures based on the European Integrated Border Management (EIBM).
- Underline that negotiations of Frontex' status agreements with and Bosnia and Herzegovina should be launched as a matter of urgency.
- Highlight that the Commission is implementing an assistance package worth EUR 39 million under the Instrument for Pre-Accession Assistance (IPA III) to strengthen border management in the Western Balkans, mainly through the provision of specialised equipment and the operationalisation of migration facilities.

[Return and readmission]

- The EU is committed to create a holistic approach to return management and cooperation on readmissions, including sustainable support for reintegration in countries of origin.
- Underline that EU and Western Balkan partners agreed on the importance of returns and implementation of readmission agreements with an emphasis on the need to enhance asylum and reception systems across the region in line with EU standards.
- Highlight that the EU is willing to support and facilitate cooperation on return, readmission and sustainable reintegration between Western Balkan partners and the main countries of origin of irregular migrants.
- Highlight importance of efficient implementation of readmission agreements with WB neighbouring countries, notably in the area of shortened/accelerated procedures
- Underline that the EU is ready to continue supporting the Western Balkan partners with assisted voluntary and non-voluntary returns to countries of origin, and announce that a new regional programme of 13 M EUR has been recently approved by IPA Committee
- Highlight the importance of efforts under the Joint Coordination Platform (JCP), which aim to support and coordinate operational measures implemented in the Western Balkans region, in particular in the field of returns and readmissions
- Underline the EU's readiness to assist in building capacities with knowledge and skills on different aspects of return, readmission and reintegration.
