Dear Friends,

In this issue of our bulletin you will find the statement of Evo Morales (President of the Republic of Bolivia) and Rafael Correa (President of Ecuador) against the Return Directive. As well as some statement and press releases about the position of the Churches (also against the Return Directive). Finally, you can also see a series of appeals and open letters from different NGO and solidarity organisations against the outrageous Directive.

The vote will take place in Strasbourg on the 18th of June at noon: still some days to convince as many MEP as possible to vote against it!!!!

Regards,
