EUROJUST 1

LEGISLATIVE ACTS AND OTHER INSTRUMENTS

Subject : Council Decision setting up Eurojust with a view to reinforcing the fight against serious crime

COUNCIL DECISION 2001/ /JHA

of

setting up Eurojust
with a view to reinforcing the fight against serious crime

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 31 and 34(2)(c) thereof,

Having regard to the initiative of the Federal Republic of Germany and to that of the Portuguese Republic, the French Republic, the Kingdom of Sweden and the Kingdom of Belgium ¹,

Having regard to the Opinion of the European Parliament ²,

¹ OJ C 206, 19.7.2000, p. 1 and OJ C 243, 24.8.2000, p. 15.

² OJ C 34 E, 7.2.2002, p. 347 and Opinion delivered on 29 November 2001 (not yet published in the Official Journal).

Whereas:

- (1) It is necessary to improve judicial cooperation between the Member States further, in particular in combating forms of serious crime often perpetrated by transnational organisations.
- (2) The effective improvement of judicial cooperation between the Member States requires the immediate adoption of structural measures at European Union level to facilitate the optimal coordination of action for investigations and prosecutions covering the territory of more than one Member State with full respect for fundamental rights and freedoms.
- (3) In order to reinforce the fight against serious organised crime, the Tampere European Council of 15 and 16 October 1999, in particular in point 46 of its conclusions, decided on the setting up of a unit (Eurojust) composed of prosecutors, magistrates or police officers of equivalent competence.
- (4) This Eurojust unit is set up by this Decision as a body of the European Union with legal personality and financed from the general budget of the European Union, except as regards the salaries and emoluments of the national members and assisting persons, which are borne by their Member State of origin.

- (5) The objectives of Regulation (EC) No 1073/1999 of the European Parliament and of the Council of 25 May 1999 concerning investigations conducted by the European Anti-Fraud Office (OLAF) ¹ are also relevant to Eurojust. The Eurojust College should adopt the necessary implementing measures to achieve those objectives. It should take full account of the sensitive work carried out by Eurojust in the context of investigations and prosecutions. In this connection, OLAF should be denied access to documents, evidence, reports, notes or information, in whatever form, which are held or created in the course of these activities, whether under way or already concluded, and the transmission of such documents, evidence, reports, notes and information to OLAF should be prohibited.
- (6) In order to be able to attain its objectives as efficiently as possible, Eurojust should fulfil its tasks either through one or more of its national members or acting as a College.
- (7) The competent authorities of the Member States should be able to exchange information with Eurojust in accordance with arrangements which serve and observe the interests of public service.
- (8) Eurojust's jurisdiction is without prejudice to the Community's competence to protect its own financial interests and is also without prejudice to existing conventions and agreements, in particular the European Convention on Mutual Assistance in Criminal Matters (Council of Europe) signed in Strasbourg on 20 April 1959, and also the Convention on Mutual Assistance on Criminal Matters between the Member States of the European Union ² adopted by the Council on 29 May 2000, and the Protocol ³ thereto adopted on 16 October 2001.

¹ OJ L 136, 31.5.1999, p. 1.

² OJ C 197, 12.7.2000, p. 3.

³ OJ C 326, 26.11.2001, p. 2.

- (9) In order to achieve its objectives, Eurojust processes personal data by automated means or in structured manual files. Accordingly, the necessary steps should be taken to guarantee a level of data protection which corresponds at least to that which results from the application of the principles of the Convention for the Protection of Individuals with regard to Automatic Processing of Personal Data (Council of Europe) signed in Strasbourg on 28 January 1981, together with subsequent amendments thereto, in particular the Protocol opened for signature on 8 November 2001, once such amendments are in force between the Member States.
- (10) In order to help ensure and check that personal data are processed properly by Eurojust, a joint supervisory body should be set up which, given the composition of Eurojust, should consist of a panel of judges or, if the constitutional or national system of a Member State so requires, of persons exercising an equivalent function which gives them sufficient independence. The powers of this joint supervisory body should be without prejudice to the jurisdiction of national courts or to the arrangements for any appeals which may be brought before them.
- (11) In order to ensure harmonious coordination of the various activities pursued by the Union and the Community and having regard to Articles 29 and 36(2) of the Treaty, the Commission should be fully involved in Eurojust's proceedings concerning general questions and questions coming within its competence. Eurojust's rules of procedure should detail the arrangements for the Commission to participate in Eurojust's proceedings in areas within its jurisdiction.

- (12) Provisions should be laid down to ensure that Eurojust and the European Police Office (Europol) ¹ establish and maintain close cooperation.
- (13) Eurojust and the European Judicial Network set up by Joint Action 98/428/JHA ² should have a privileged relationship. To that end, the secretariat of the Network should be placed within the Eurojust secretariat.
- (14) In order to facilitate activities of Eurojust, the Member States should put in place or designate one or more national correspondents.
- (15) Insofar as is necessary for the fulfilment of its tasks, it should be possible for Eurojust to initiate cooperation with non-member States and for agreements to be concluded to that effect, primarily with the candidate countries for accession to the Union and other countries with which arrangements have been agreed.
- (16) Since the adoption of this Decision means that major new legislative measures must be approved in the Member States, provision should be made for certain transitional provisions.
- (17) Point 57 of the Laeken European Council conclusions of 14 and 15 December 2001 provided for Eurojust to be able to begin operations in The Hague, pending overall agreement on the seats of certain agencies.
- (18) This Decision respects the fundamental rights and observes the principles recognised by Article 6(2) of the Treaty and reflected in the Charter of Fundamental Rights of the European Union,

HAS DECIDED AS FOLLOWS:

- (ii) to do so would jeopardise the success of investigations under way or the safety of individuals.

Article 9

National members

1. National members shall be subject to the national law of their Member State as regards their status. The length of a national member's term of office shall be determined by the Member State of origin. It shall be such as to allow Eurojust to operate properly.
2. All information exchanged between Eurojust and Member States, including requests made within the framework of Article 6(a), shall be directed through the national member.

Article 14

Processing of personal data

1. Insofar as it is necessary to achieve its objectives, Eurojust may, within the framework of its competence and in order to carry out its tasks, process personal data, by automated means or in structured manual files.
2. Eurojust shall take the necessary measures to guarantee a level of protection for personal data at least equivalent to that resulting from the application of the principles of the Council of Europe Convention of 28 January 1981 and subsequent amendments thereto where they are in force in the Member States.

3. Personal data processed by Eurojust shall be adequate, relevant and not excessive in relation to the purpose of the processing, and, taking into account the information provided by the competent authorities of the Member States or other partners in accordance with Articles 13 and 26, accurate and up-to-date. Personal data processed by Eurojust shall be processed fairly and lawfully.

4. In accordance with this Decision, Eurojust shall establish an index of data relating to investigations and may establish temporary work files which also contain personal data.

Article 15

The Data Protection Officer referred to in Article 17 shall be informed immediately of recourse to this paragraph.

Where such other data refer to witnesses or victims within the meaning of paragraph 2, the decision to process them shall be taken jointly by at least two national members.

4. Personal data, processed by automated or other means, revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, and data concerning health or sex life may be processed by Eurojust only when such data are necessary for the national investigations concerned as well as for coordination within Eurojust.

Where such other data refer to witnesses or victims within the meaning of paragraph 2, the decision to process them shall be taken by the College.

Article 16

Index and temporary work files

1. In order to achieve its objectives, Eurojust shall maintain an automated data file constituting an index of data relating to investigations in which non-personal data and personal data referred to in Article 15(1)(a) to (i) and (k) and paragraph 2 may be stored. That index shall be intended to:

- (b) facilitate access to information on ongoing investigations and prosecutions;
- (c) facilitate the monitoring of lawfulness and compliance with the provisions of this Decision concerning the processing of personal data.

2. The index shall contain references to temporary work files processed within the framework of Eurojust.

3. In the performance of their duties under Articles 6 and 7, the national members of Eurojust may process data on the individual cases on which they are working in a temporary work file. They shall allow the Data Protection Officer and, if the College so decides, the other national members and employees authorised to access files to have access to the work file. Each new work file that contains personal data shall be communicated to the Data Protection Officer.

Article 17

Data Protection Officer

1. Eurojust shall have a specially appointed Data Protection Officer, who shall be a member of the staff. Within that framework, he shall be under the direct authority of the College. In the performance of the duties referred to in this Article, he shall take instructions from no-one.

- (b) ensuring that a written record of the transmission and receipt, for the purposes of Article 19(3) in particular, of personal data is kept in accordance with the provisions to be laid down in the rules of procedure, under the security conditions laid down in Article 22;

(c) ensuring that data subjects are informed of their rights under this Decision at their request.

3. In the performance of his tasks, the Officer shall have access to all the data processed by Eurojust and to all Eurojust premises.

4. When he finds that in his view processing has not complied with this Decision, the Officer shall:

(a) inform the College, which shall acknowledge receipt of the information;

(b) refer the matter to the joint supervisory body if the College has not resolved the non-compliance of the processing within a reasonable time.

Article 18

Authorised access to personal data

Only national members and their assistants referred to in Article 2(2) and authorised Eurojust staff may, for the purpose of achieving Eurojust's objectives, have access to personal data processed by Eurojust.

Article 19

1. Every individual shall be entitled to have access to personal data concerning him processed by Eurojust under the conditions laid down in this Article.

2. Any individual wishing to exercise his right to have access to data concerning him which are stored at Eurojust, or to have them checked in accordance with Article 20, may make a request to that effect free of charge in the Member State of his choice, to the authority appointed for that purpose in that Member State, and that authority shall refer it to Eurojust without delay.

3. The right of any individual to have access to personal data concerning him or to have them checked shall be exercised in accordance with the laws and procedures of the Member State in which the individual has made his request. If, however, Eurojust can ascertain which authority in a State transmitted the data in question, that authority may require that the right of access be exercised in accordance with the rules of the law of that Member State.

4. Access to personal data shall be denied if:
 - (a) such access may jeopardise one of Eurojust's activities;
 - (b) such access may jeopardise any national investigation which Eurojust is assisting;
 - (c) such access may jeopardise the rights and freedoms of third parties.

5. The decision to grant this right of access shall take due account of the status, with regard to the data stored by Eurojust, of those individuals submitting the request.

6. The national members concerned by the request shall deal with it and reach a decision on Eurojust's behalf. The request shall be dealt with in full within three months of receipt. Where the members are not in agreement, they shall refer the matter to the College, which shall take its decision on the request by a two-thirds majority.

7. If access is denied or if no personal data concerning the applicant are processed by Eurojust, the latter shall notify the applicant that it has carried out checks, without giving any information which could reveal whether or not the applicant is known.

8. If the applicant is not satisfied with the reply given to his request, he may appeal against that decision before the joint supervisory body. The joint supervisory body shall examine whether or not the decision taken by Eurojust is in conformity with this Decision.

9. The competent law enforcement authorities of the Member States shall be consulted by Eurojust before a decision is taken. They shall subsequently be notified of its contents through the national members concerned.

Article 20

Correction and deletion of personal data

1. In accordance with Article 19(3), every individual shall be entitled to ask Eurojust to correct, block or delete data concerning him if they are incorrect or incomplete or if their input or storage contravenes this Decision.

2. Eurojust shall notify the applicant if it corrects, blocks or deletes the data concerning him. If the applicant is not satisfied with Eurojust's reply, he may refer the matter to the Joint Supervisory Body within thirty days of receiving Eurojust's decision.

3. At the request of a Member State's competent authorities, national member or national correspondent, if any, and under their responsibility, Eurojust shall, in accordance with its rules of procedure, correct or delete personal data being processed by Eurojust which were transmitted or entered by that Member State, its national member or its national correspondent. The Member States' competent authorities and Eurojust, including the national member or national correspondent, if any, shall in this context ensure that the principles laid down in Article 14(2) and (3) and in Article 15(4) are complied with.

4. If it emerges that personal data processed by Eurojust are incorrect or incomplete or that their input or storage contravenes the provisions of this Decision, Eurojust shall block, correct or delete such data.

5. In the cases referred to in paragraphs 3 and 4, all the suppliers and addressees of such data shall be notified immediately. In accordance with the rules applicable to them, the addressees, shall then correct, block or delete those data in their own systems.

Article 21

1. Personal data processed by Eurojust shall be stored by Eurojust for only as long as is necessary for the achievement of its objectives.

2. The personal data referred to in Article 14(1) which have been processed by Eurojust may not be stored beyond:

- (a) the date on which prosecution is barred under the statute of limitations of all the Member States concerned by the investigation and prosecutions;
- (b) the date on which the judicial decision of the last of the Member States concerned by the investigation or prosecutions which justified coordination by Eurojust became final;
- (c) the date on which Eurojust and the Member States concerned mutually established or agreed that it was no longer necessary for Eurojust to coordinate the investigation and prosecutions.

3. (a) Observance of the storage periods referred to in paragraph 2 shall be reviewed constantly by appropriate automated processing. Nevertheless, a review of the need to store the data shall be carried out every three years after they were entered.
- (b) When one of the storage deadlines referred to in paragraph 2 has expired, Eurojust shall review the need to store the data longer in order to enable it to achieve its objectives and it may decide by way of derogation to store those data until the following review.
- (c) Where data has been stored by way of derogation pursuant to point (b) a review of the need to store those data shall take place every three years.

4. Where a file exists containing non-automated and unstructured data, once the deadline for storage of the last item of automated data from the file has elapsed all the documents in the file shall be returned to the authority which supplied them and any copies shall be destroyed.

5. Where Eurojust has coordinated an investigation or prosecutions, the national members concerned shall inform Eurojust and the other Member States concerned of all the judicial decisions relating to the case which have become final in order, inter alia, that paragraph 2(b) may be applied.

Article 22

Data security

1. Eurojust and, insofar as it is concerned by data transmitted from Eurojust, each Member State, shall, as regards the processing of personal data within the framework of this Decision, protect personal data against accidental or unlawful destruction, accidental loss or unauthorised disclosure, alteration and access or any other unauthorised form of processing.

2. The rules of procedure shall contain the technical measures and the organisational arrangements needed to implement this Decision with regard to data security and in particular measures designed to:
 - (a) deny unauthorised persons access to data processing equipment used for processing personal data;
 - (b) prevent the unauthorised reading, copying, modification or removal of data media;
 - (c) prevent the unauthorised input of data and the unauthorised inspection, modification or deletion of stored personal data;

- (d) prevent the use of automated data processing systems by unauthorised persons using data communication equipment;
- (e) ensure that persons authorised to use an automated data processing system only have access to the data covered by their access authorisation;
- (f) ensure that it is possible to verify and establish to which bodies personal data are transmitted when data are communicated;
- (g) ensure that it is subsequently possible to verify and establish which personal data have been input into automated data processing systems and when and by whom the data were input;
- (h) prevent unauthorised reading, copying, modification or deletion of personal data during transfers of personal data or during transportation of data media.

Article 23

Joint Supervisory Body

1. An independent joint supervisory body shall be established to monitor collectively the Eurojust activities referred to in Articles 14 to 22 in order to ensure that the processing of personal data is carried out in accordance with this Decision. In order to fulfil these tasks, the Joint Supervisory Body shall be entitled to have full access to all files where such personal data are processed. Eurojust shall provide the Joint Supervisory Body with all information from such files that it requests and shall assist that body in its tasks by every other means.

The Joint Supervisory Body shall meet at least once in each half year. It shall also meet within the three months following the lodging of an appeal and may be convened by its chairman when at least two Member States so request.

In order to set up the Joint Supervisory Body, each Member State, acting in accordance with its legal system, shall appoint a judge who is not a member of Eurojust, or, if its constitutional or national system so requires a person holding an office giving him sufficient independence, for inclusion on the list of judges who may sit on the Joint Supervisory Body as members or ad hoc judges. No such appointment shall be for less than eighteen months. Revocation of the appointment shall be governed by the principles for removal applicable under the national law of the Member State of origin. Appointment and removal shall be communicated to both the Council General Secretariat and Eurojust.

2. The Joint Supervisory Body shall be composed of three permanent members and, as provided for in paragraph 4, ad hoc judges.

3. A judge appointed by a Member State shall become a permanent member one year before his Member State assumes the Presidency of the Council and shall remain a permanent member for eighteen months.

The judge appointed by the Member State holding the Presidency of the Council shall chair the Joint Supervisory Body.

4. One or more ad hoc judges shall also have seats, but only for the duration of the examination of an appeal concerning personal data from the Member State which has appointed them.

2. Eurojust shall maintain privileged relations with the European Judicial Network based on consultation and complementarity, especially between the national member, the contact points of the same Member State and the national correspondent, if any. In order to ensure efficient cooperation the following measures shall be taken:

- (a) Eurojust shall have access to centralised information from the European Judicial Network in accordance with Article 8 of Joint Action 98/428/JHA and to the telecommunication network set up under Article 10 of the said Joint Action;

It shall function as a separate and autonomous unit. It shall be able to draw on the resources of Eurojust which are necessary for the performance of the European Judicial Network's tasks. The rules applying to Eurojust staff shall apply to the staff of the European Judicial Network's secretariat where this is not incompatible with the operational autonomy of the European Judicial Network's secretariat;

(c) The national members of Eurojust may attend meetings of the European Judicial Network at the invitation of the latter. European Judicial Network contact points may be invited on a case-by-case basis to attend Eurojust meetings.

3. Eurojust shall establish and maintain close cooperation with OLAF. To that end, OLAF may contribute to Eurojust's work to coordinate investigations and prosecution procedures regarding the protection of the financial interests of the Communities, either on the initiative of Eurojust or at the request of OLAF where the competent national authorities concerned do not oppose such participation.

4. For purposes of the receipt and transmission of information between Eurojust and OLAF, and without prejudice to Article 9, Member States shall ensure that the national members of Eurojust shall be regarded as competent authorities of the Member States solely for the purposes of Regulation (EC) No 1073/1999 and Council Regulation (Euratom) No 1074/1999 of 25 May 1999 concerning investigations conducted by the European Anti-Fraud Office (OLAF) ¹. They may also contain provisions concerning the exchange of personal data. In that event the Joint Supervisory Body shall be consulted by Eurojust.

To resolve urgent matters, Eurojust may also cooperate with the entities referred to in paragraph 1(b) and (c) without concluding an agreement with them provided that such cooperation does not involve the transmission of personal data to them by Eurojust.

Any subsequent failure, or substantial likelihood of failure, on the part of the third States or entities referred to in paragraph 1(b) and (c) to meet the conditions referred to in paragraph 4 shall immediately be communicated by Eurojust to the Joint Supervisory Body and the Member States concerned. The Joint Supervisory Body may prevent the further exchange of personal data with the relevant entities until it is satisfied that adequate remedies have been provided.

6. However, even if the conditions referred to in paragraphs 3 and 4 are not fulfilled, a national member may, acting in his national capacity, by way of exception and with the sole aim of taking urgent measures to counter imminent serious danger threatening a person or public security, carry out an exchange of information involving personal data. The national member shall be responsible for the legality of authorising the communication.
