Two years too long to wait for justice

Public Meeting

6.30pm, Monday 23rd July 2007

Conway Hall, 25 Red Lion Square · WC1  Holborn

Innocent Brazilian Jean Charles de Menezes was shot dead on 22nd July 2005 at Stockwell tube station as the result of a disastrous police anti-terror operation.

Two years after his shooting: No police officer involved in his death has faced criminal proceedings • The inquest into his death remains adjourned • The Independent Police Complaints Commission (IPCC) report into the police operation on the day of his death remains secret • The IPCC report into Sir Ian Blair also remains unpublished • The family and public still have no answers about the use of Operation Kratos and the police shoot-to-kill policy.

Join the Menezes family on the second anniversary of his shooting to hear about their continuing struggle for justice.

Speakers:

- **Members of Jean's family**
- **Gareth Peirce**
- **Mark Thomas** (tbc)
- **Michael Mansfield QC** (tbc)
