Subject: Proposal for a Regulation of the European Parliament and of the Council on
establishing an Agency for the operational management of large-scale IT systems in
the area of freedom, security and justice
- Possible agreement with the EP

1. On 26 June 2009, the Commission submitted to the Council proposals for a legislative package establishing an Agency for the operational management of large-scale IT systems in the area of freedom, security and justice. The package consisted of a proposal for a Regulation of the European Parliament and of the Council establishing the Agency (ex-1st pillar) and a proposal for a Council Decision conferring upon the Agency tasks regarding the operational management of SIS II and VIS in application of Title VI of the EU Treaty (ex-3rd pillar).

2. After the entry into force of the Lisbon Treaty, the Commission submitted to the European Parliament and the Council a single amended proposal for a Regulation establishing an Agency for the operational management of large-scale IT systems in the area of freedom, security and justice ¹.
3. During the Swedish and the Spanish Presidencies, as well as under the Belgian Presidency on 6 September 2010 and 11 October 2010, the Working Party for Schengen Matters (Acquis) discussed the abovementioned proposal for a Regulation. Following these discussions, the Presidency inserted a number of extensive modifications into the text.
4. In parallel, the Presidency established regular informal contacts with the European Parliament, both informing the Rapporteur of the compromise drafts resulting from discussion in the Working Party for Schengen Matters (Acquis) and taking note of the main concerns expressed by the European Parliament. Representatives of the Commission were also involved in these preliminary informal contacts.
5. On 11 October 2010, the orientation vote on the draft report on the proposal for a Regulation took place in the LIBE Committee of the European Parliament and a mandate was given to the Rapporteur to negotiate in trilogue.
6. On 3 November 2010, the Mixed Committee at the level of Senior Officials gave the Presidency a mandate ² to start negotiations in trilogue with a view to reaching an agreement with the European Parliament at first reading.
7. On that basis, informal trilogues took place at expert level on 16 November 2010, 30 November 2010, 3 February 2011, 11 February 2011 and 17 May 2011. Furthermore, on 28 March 2011, the Legal Services of the three institutions (the EP, the Council and the Commission) met to address the EURODAC issue.

¹ See 8151/10.

² See 14469/10.

8. Member States were informed of the compromise proposals resulting from these informal trilogues during the JHA Counsellors meetings held on 10 December 2010 and 22 February 2011, where, at the same time, some outstanding issues were discussed. The Mixed Committee at the level of Senior Officials also dealt with some of the outstanding issues on 8 December 2010 and 17 March 2011, as did Ministers, informally, on 2 December 2010.
9. On the basis of 7638/11 JAI 167 SIRIS 20 VISA 45 EURODAC 7 ENFOPOL 57 EUROJUST 31 COMIX 157 CODEC 396, a high-level trilogue took place on 22 March 2011, at which the following main outstanding issues were addressed: EURODAC, the seat and sites of the Agency, the communication infrastructure, the budgetary provisions and the evaluation of the Agency (Article 27)³.
10. Taking into account the results of the high-level trilogue held on 22 March 2011, and the subsequent negotiations between the various stakeholders, the Presidency submitted to COREPER/Mixed Committee on 7 April 2011 a compromise version of the draft proposal for the Regulation as set out in the Annex to 8327/11 JAI 198 SIRIS 22 VISA 59 EURODAC 10 ENFOPOL 86 EUROJUST 37 COMIX 188 CODEC 519 + COR 1, containing (i) a brief explanation and state of play of the remaining outstanding issues raised by EP and COM, and (ii) a compromise solution for the seat and sites issue. This latter compromise encompassed both a proposal for a draft Article 7(4) of the Regulation⁴ as well as a draft parallel Decision of the Governments of the Member States on the same subject⁵.
A final agreement on Articles 14(5)(h), 19 and 34(2) was dependent on the solution to this issue.

³ For more details see paragraphs 11 and 13 to 15 of 8327/11 + COR 1.

⁴ See Annex 1 to 8327/1/11 REV 1.

⁵ See Annex 2 to 8327/1/11 REV 1.

11. On 11 April 2011 the Council (Justice and Home Affairs) supported the compromise text as set out in Annex 3 to 8327/1/11 REV 1 JAI 198 SIRIS 22 VISA 59 EURODAC 10 ENFOPOL 86 EUROJUST 37 COMIX 188 CODEC 519, on the understanding that the text as set out in Annex 1 to that document would be inserted in Article 7(4) of the Regulation and that a separate Decision of the Governments of the Member States would be adopted, containing the text as set out in Annex 2 to the said document, whilst the Commission drew attention to the risk of undermining the ordinary legislative procedure.
12. At that stage, only the Commission maintained reservations on Articles 7, 10, 11, 13, 15, 16, 27, 32 and 33, in particular regarding its participation in the Management Board and the settlement of voting rights.
13. On 25 May 2011 a second high-level trilogue took place, where the Presidency, the EP's Rapporteur and the representatives of the Commission achieved an overall compromise text⁶. That compromise did not include a parallel draft Decision of the Governments of the Member States on the seat and sites of the Agency, but the text of the draft Decision as agreed previously by the Member States was fully integrated into Article 7(4) of the Regulation.
14. As regards EURODAC, despite the fact that the Legal Service of the EP took a different view on this issue, the Rapporteur said that for the sake of compromise, if this were the only issue still outstanding, the EP would accept the solution proposed by the Legal Services of Council and the Commission.
15. The overall compromise text referred to in paragraph 13 also differed from the compromise text agreed among the Member States at the Council (JHA) on 11 April 2011⁷ regarding two other aspects:
 - the Management Board should include two representatives of the Commission instead of one as previously advocated both by the Council and the EP (Article 10(1) and (2));
 - when undertaking the evaluation referred to in Article 15(3), the Management Board should work in "close consultation with the Commission" and not "after having consulted the Commission".

⁶ See 10827/11.

⁷ See 8327/1/11.

16. At its meeting on 1 June 2011, the Mixed Committee at the level of Senior Officials discussed these issues and agreed to the modification of recital 6, as well as to the inclusion of a reference to Article 4B in Article 7(4)(b). Furthermore, the Council would set out in a statement (see 10827/1/11 REV 1 ADD 1) its position as regards the fact that the non-adoption of a separate decision of the Governments of the Member States determining the seat of the Agency in parallel with the present Regulation would not prejudice the Council's position regarding future decisions establishing the location of seats.
17. In this context, **COREPER / Mixed Committee at the level of Senior Officials is invited to agree to the revised compromise version of the draft proposal for a Regulation of the European Parliament and of the Council on establishing an Agency for the operational management of large-scale IT systems in the area of freedom, security and justice, as set out in the Annex and the draft Council Statement as set out in the ADD 1.**
- If this compromise is accepted, the Presidency will write to the EP to confirm that, should the EP adopt its position at first reading in the exact form set out in the compromise text, the Council will approve the EP's position.

CHANGES TO THE PREVIOUS VERSION¹ ARE INDICATED IN **BOLD**.

DRAFT COMPROMISE TEXT

Regulation of the European Parliament and of the Council on establishing an Agency for the operational management of large-scale IT systems in the area of freedom, security and justice

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union and in particular Articles 77(2)(a) and (b), 78(2)(e), 79(2)(c), 74, 82(1)(d), 85(1), 87(2)(a) and 88(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the proposal to the national parliaments,

Acting in accordance with the ordinary legislative procedure,

Whereas:

- (1) The second-generation Schengen Information System (SIS II) was established by Regulation (EC) No 1987/2006 of the European Parliament and of the Council of 20 December 2006 on the establishment, operation and use of the second-generation Schengen Information System (SIS II) and by Council Decision 2007/533/JHA of 12 June 2007 on the establishment, operation and use of the second-generation Schengen Information System (SIS II). In accordance with Regulation (EC) No 1987/2006 and Decision 2007/533/JHA the Commission is to be responsible, during a transitional period, for the operational management of Central SIS II. After that transitional period, a Management Authority is to be responsible for the operational management of Central SIS II and certain aspects of the communication infrastructure.

¹ As set out in 10827/11.

- (2) The Visa Information System (VIS) was established by Council Decision 2004/512/EC of 8 June 2004 establishing the Visa Information System (VIS). In accordance with Regulation (EC) No 767/2008 of the European Parliament and of the Council concerning the Visa Information System (VIS) and the exchange of data between Member States on short-stay visas (VIS Regulation) the Commission is to be responsible, during a transitional period, for the operational management of VIS. After that transitional period a Management Authority is to be responsible for the operational management of the Central VIS, the national interfaces and certain aspects of the communication infrastructure.
- (3) EURODAC was established by Council Regulation (EC) No 2725/2000 of 11 December 2000 concerning the establishment of "Eurodac" for the comparison of fingerprints for the effective application of the Dublin Convention². Council Regulation (EC) No 407/2002 of 28 February 2002 laying down certain rules to implement Regulation (EC) No 2725/2000 concerning the establishment of "Eurodac" for the comparison of fingerprints for the effective application of the Dublin Convention³ provided for necessary implementing provisions.
- (4) In order to ensure the operational management of SIS II, VIS and EURODAC and parts of the communication infrastructure after the transitional period and potentially of other large-scale information technology ("IT") systems in the area of freedom, security and justice, subject to the adoption of separate legal instruments, it is necessary to establish a Management Authority.
- (5) With a view to achieving synergies, it is necessary to provide for the operational management of these large-scale systems in one entity, benefiting from economies of scale, creating critical mass and ensuring the highest possible utilisation rate of capital and human resources.
- (5a) In the joint statements accompanying the SIS II and VIS legal instruments, the European Parliament and the Council invited the Commission to present, following an impact assessment, the necessary legislative proposals entrusting an Agency with the long term operational management of the Central SIS II and parts of the communication infrastructure as well as the VIS.

² OJ L 316, 15.12.2000, p. 1.

³ OJ L 62, 5.3.2002, p. 1

- (6) Since the Management Authority should have legal, administrative and financial autonomy it should be established in the form of a regulatory agency having legal personality. **As was agreed following the usual practice, the seat of the Agency should be in Tallinn (Estonia). However, since the tasks related to technical development and the preparation for the operational management of SIS II and VIS were already carried out in Strasbourg (France) and a backup site for these IT systems was already installed in Sankt Johann im Pongau (Austria), this should continue to be the case. These two sites should also be the locations, respectively, where the tasks related to technical development and operational management of EURODAC should be carried out and where a backup site for EURODAC should be established. This should also be the case regarding, respectively, the technical development of other large-scale IT systems in the area of freedom, security and justice and a backup site capable of ensuring the operation of an IT system in the event of failure of that system, if so provided in the relevant legislative instrument.**
- (7) Consequently, the tasks of the Management Authority set out in Regulation (EC) No 1987/2006 and in Regulation (EC) No 767/2008 should be exercised by the Agency. These tasks comprise further technical development.
- (7a) According to Council Regulations (EC) No 2725/2000 and (EC) No 407/2002, a central Unit is established within the Commission which is responsible for the operation of the central database of Eurodac and other tasks related to it. In order to exploit synergies, the Agency should replace the Commission for the latter's tasks relating to the operational management of Eurodac including certain tasks relating to the communication infrastructure as from the date on which the Agency takes up its responsibilities.
- (7b) The core mission of the Agency is to fulfil the operational management tasks for SIS II, VIS and EURODAC and, if so decided, other large-scale IT-systems in the area of freedom, security and justice. The Agency should also be responsible for technical measures required by the tasks entrusted to it, which are not of a normative nature. These responsibilities should be without prejudice to the normative tasks reserved to the Commission alone or assisted by a Committee in the respective legal instruments governing the systems operationally managed by the Agency.
- (8) In addition, the Agency should perform tasks related to training on the technical use of SIS II, VIS and EURODAC and other large-scale IT systems which might be entrusted to it in the future.

- (9) Furthermore, the Agency might also be made responsible for the preparation, development and operational management of additional large– scale IT systems in application of Title V of the Treaty on the Functioning of the European Union. The Agency should be entrusted with such tasks only by means of subsequent and separate legal instruments, preceded by an impact assessment.
- (9a) The Agency should be responsible for monitoring of research and for pilot schemes, in accordance with the provisions of Article 49 (6) (a) of Council Regulation (EC, Euratom) N.º 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities, for large-scale IT systems in application of Title V of the Treaty on the Functioning of the European Union, at the specific and precise request of the Commission.
- When tasked with a pilot scheme, special attention should be given to the European Union Information Management Strategy.
- (10) Entrusting an Agency with the operational management of large-scale IT systems in the area of freedom, security and justice does not affect the specific rules applicable to those systems. In particular, the specific rules governing the purpose, access rights, security measures and further data protection requirements for each of the large-scale IT systems the operational management of which the Agency is entrusted with, are fully applicable.
- (11) The Member States and the Commission should be represented within a Management Board, in order to effectively control the functions of the Agency. The Management Board should be entrusted with the necessary powers, in particular to adopt the annual work programme, carry out its functions related to the Agency's budget, adopt the financial rules applicable to the Agency, appoint the Executive Director and establish procedures for taking decisions related to the operational tasks of the Agency by the Executive Director.
- (11a) As regards SIS II, the European Police Office (Europol) and Eurojust, both having the right to access and search directly data entered into SIS II in application of Decision 2007/533/JHA, should have observer status at the meetings of the Management Board when a question in relation to the application of Decision 2007/533/JHA is on the agenda. Europol and Eurojust should each be able to appoint a representative to the SIS II Advisory Group established under Article 16(1)(a).

- (11b) As regards VIS, Europol should be granted observer status at the meetings of the Management Board, when a question in relation to the application of Decision 2008/633/JHA, is on the agenda. Europol should be able to appoint a representative to the VIS Advisory Group established under Article 16(1)(b).
- (11c) Member States should have voting rights in the Management Board of the Agency concerning a large-scale IT system provided they are bound under Union law by any legislative instrument governing the development, establishment, operation and use of that particular system. Denmark should also have voting rights concerning a large-scale IT system, if it decides under Article 4 of the Protocol on the position of Denmark to implement the legislative instrument governing the development, establishment, operation and use of that particular large-scale IT system in its national law.
- (11d) Member States should appoint a Member to the Advisory Group concerning a large-scale IT system, if they are bound under Union law by any legislative instrument governing the development, establishment, operation and use of that particular system. Denmark should in addition, appoint a Member to the Advisory Group concerning a large-scale IT system, if it decides under Article 4 of the Protocol on the position of Denmark to implement the legislative instrument governing the development, establishment, operation and use of that particular system in its national law.
- (12) In order to guarantee its full autonomy and independence, the Agency should be granted an autonomous budget with revenue from the general budget of the European Union. The financing of the Agency is subject to an agreement by the budgetary authority as set out in Point 47 of the Inter Institutional Agreement of 17 May 2006 between the European Parliament, the Council and the Commission on budgetary discipline and sound financial management. The Union budgetary and discharge procedures should be applicable. The auditing of accounts and of the legality and regularity of the underlying transactions should be undertaken by the Court of Auditors.
- (13) Within the framework of their respective competences, the Agency should cooperate with other agencies of the European Union, especially agencies established in the area of freedom, security and justice, and in particular the Agency for Fundamental Rights. It should also consult and follow-up the recommendations of ENISA regarding network security, where appropriate.

- (14) When ensuring development and the operational management of large-scale IT systems, the Agency should follow European and international standards taking into account the highest professional requirements, in particular the European Union Information Management Strategy.
- (15) Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data applies to the processing of personal data by the Agency.
- This Regulation provides, *inter alia*, that the European Data Protection Supervisor shall have the power to obtain from the Agency access to all information necessary for his or her enquiries. In accordance with Article 28 of that Regulation, the Commission consulted the European Data Protection Supervisor, who delivered its opinion on 7 December 2009.
- (16) In order to ensure the transparent operation of the Agency, Regulation (EC) No 1049/2001 of the European Parliament and of the Council of 30 May 2001 regarding public access to European Parliament, Council and Commission documents should apply to the Agency. The activities of the Agency shall be subject to the scrutiny of the European Ombudsman in accordance with Article 228 of the Treaty on the Functioning of the European Union.
- (17) Regulation (EC) No 1073/1999 of the European Parliament and of the Council of 25 May 1999 concerning investigations conducted by the European Anti-Fraud Office (OLAF) should apply to the Agency, which should accede to the Inter-institutional Agreement of 25 May 1999 between the European Parliament, the Council of the European Union and the Commission of the European Communities concerning internal investigations by the European Anti-Fraud Office (OLAF).
- (17a) The Agency's host Member States should provide the best possible conditions to ensure proper functioning of the Agency, e. g. including multilingual, European-oriented schooling and appropriate transport connections.
- (18) In order to ensure open and transparent employment conditions and equal treatment of staff, the Staff Regulations of Officials of the European Communities and the Conditions of Employment of Other Servants of the European Communities ("the Staff Regulations") should apply to the staff and to the Executive Director of the Agency, including the rules of professional secrecy or other equivalent duties of confidentiality.

- (19) The Agency is a body set up by the Union in the sense of Article 185(1) of Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities and should adopt its financial rules accordingly.
- (20) Commission Regulation (EC, Euratom) No 2343/2002 of 19 November 2002 on the framework Financial Regulation for the bodies referred to in Article 185 of Council Regulation (EC, Euratom) No 1605/2002 on the Financial Regulation applicable to the general budget of the European Communities should apply to the Agency.
- (21) Since the objectives of this Regulation, namely the establishment of an Agency at Union level, responsible for the operational management and where appropriate the development of large-scale IT systems in the area of freedom, security and justice cannot be sufficiently achieved by the Member States and can, therefore, by reason of the scale and effects of the action, be better achieved at Union level, the Union may adopt measures in accordance with the principle of subsidiarity, as set out in Article 5 of the Treaty on European Union (TEU). In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary to achieve those objectives.
- (22) This Regulation respects fundamental rights and observes the principles recognised by Article 6(2) of the TEU and reflected in the Charter of Fundamental Rights of the European Union.
- (23) In accordance with Articles 1 and 2 of Protocol No 22 on the Position of Denmark, annexed to the TEU and the TFEU, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application.

Given that this Regulation, insofar as it relates to SIS II and VIS, builds upon the Schengen *acquis* Denmark shall, in accordance with Article 4 of the said Protocol, decide within a period of six months after the date of adoption of this Regulation whether it will implement it in its national law.

In accordance with Article 3 of the Agreement between the European Community and the Kingdom of Denmark on the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in Denmark or any other Member State of the European Union and "Eurodac" for the comparison of fingerprints for the effective application of the Dublin Convention, Denmark shall notify the Commission whether it will implement the contents of this Regulation, insofar as it relates to Eurodac.

(24) Insofar as its provisions relate to SIS II as governed by Council Decision 2007/533/JHA, the United Kingdom is taking part in this Regulation in accordance with Article 5(1) of the Protocol No 19 on the Schengen acquis integrated into the framework of the European Union, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union, and Article 8(2) of Council Decision 2000/365/EC of 29 May 2000, concerning the request of the United Kingdom of Great Britain and Northern Ireland to take part in some of the provisions of the Schengen *acquis*.

Insofar as its provisions relate to SIS II as governed by Regulation (EC) No 1987/2006 and to VIS, which constitute developments of provisions of the Schengen *acquis* in which the United Kingdom does not take part in accordance with Council Decision 2000/365/EC of 29 May 2000 concerning the request of the United Kingdom of Great Britain and Northern Ireland to take part in some of the provisions of the Schengen *acquis*, the United Kingdom requested, by letter of 5 October 2010 to the President of the Council, to be authorised to take part in the adoption of this Regulation, in accordance with Article 4 of the Protocol on the Schengen acquis integrated into the framework of the European Union, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union. By virtue of Article 1 of Council Decision 2010/779/EU of 14 December 2010, concerning that request of the United Kingdom of Great Britain and Northern Ireland, the United Kingdom has been authorised to take part in this Regulation.

Furthermore, insofar as its provisions relate to the provisions of Eurodac, by letter of 23 September 2009 to the President of the Council, the United Kingdom has notified its wish to take part in the adoption and application of this Regulation, in accordance with Article 3 of the Protocol on the position of the United Kingdom and Ireland in respect of the area of freedom, security and justice annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union.

The United Kingdom therefore takes part in the adoption of this Regulation, is bound by it and subject to its application.

(25) Insofar as it relates to SIS II as governed by Regulation (EC) No 1987/2006 and to VIS, this Regulation constitutes a development of provisions of the Schengen *acquis* in which Ireland does not take part, in accordance with Council Decision 2002/192/EC of 28 February 2002 concerning Ireland's request to take part in some of the provisions of the Schengen *acquis*. Ireland has not requested to take part in the adoption of this Regulation, in accordance with Article 4 of the Protocol on the Schengen *acquis* integrated into the framework of the European Union, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union. Ireland is therefore not taking part in its adoption and is not bound by it or subject to its application to the extent that its measures develop provisions of the Schengen *acquis* as they relate to SIS II as governed by Regulation (EC) No 1987/2006 and to VIS.

As far as it relates to the provisions of Eurodac, in accordance with Articles 1 and 2 of the Protocol on the position of the United Kingdom and Ireland in respect of the area of freedom, security and justice annexed to the TEU and to the TFEU Ireland is not taking part in the adoption of this Regulation and is not bound by it or subject to its application. Since it is not possible, under these circumstances, to ensure the applicability of the Regulation to Ireland in its entirety as required by Article 288 TFEU, Ireland is not taking part in the adoption of this Regulation, and is not bound by it or subject to its application, without prejudice to its rights under the aforementioned Protocols.

- (26) As regards Iceland and Norway, this Regulation constitutes, insofar as it relates to SIS II and VIS, a development of the Schengen *acquis* within the meaning of the Agreement concluded by the Council of the EU and the Republic of Iceland and the Kingdom of Norway concerning the association of those two States with the implementation, application and development of the Schengen *acquis*, which falls within the area referred to in Article 1, points A, B and G of Council Decision 1999/437/EC of 17 May 1999 on certain arrangements for the application of that Agreement. As regards EURODAC, this Regulation constitutes a new measure related to EURODAC within the meaning of the Agreement between the European Community and the Republic of Iceland and the Kingdom of Norway concerning the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in a Member State or in Iceland or Norway. Consequently, subject to their decision to implement it in their internal legal order, delegations of the Republic of Iceland and the Kingdom of Norway should participate in the Management Board of the Agency. In order to determine the further modalities, e.g. voting rights, allowing for the participation of the Republic of Iceland and the Kingdom of Norway in the Agency's activities, a further arrangement should be concluded between the Union and these States.
- (27) As regards Switzerland, this Regulation constitutes, insofar as it relates to SIS II and VIS, a development of the provisions of the Schengen *acquis* within the meaning of the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis*, which fall within the area referred to in Article 1, points A, B and G of Decision 1999/437/EC read in conjunction with Article 3 of Council Decision 2008/146/EC on the conclusion, on behalf of the European Community, of the Agreement. As regards EURODAC, this Regulation constitutes a new measure related to EURODAC within the meaning of the Agreement between the European Community and the Swiss Confederation concerning the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in a Member State or in Switzerland. Consequently, subject to its decision to implement it in their internal legal order, the delegation of the Swiss Confederation should participate in the Management Board of the Agency. In order to determine the further modalities, e.g. voting rights, allowing for the participation of the Swiss Confederation in the Agency's activities, a further arrangement should be concluded between the Union and the Swiss Confederation.

(28) As regards Liechtenstein, this Regulation constitutes, insofar as it relates to SIS II and VIS, a development of the provisions of the Schengen *acquis* within the meaning of the Protocol between the European Union, the European Community, the Swiss Confederation and the Principality of Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis* which fall within the area referred to in Article 1, points A, B and G of Council Decision 1999/437/EC of 17 May 1999 read in conjunction with Article 3 of Council Decision 2008/261/EC. As regards EURODAC, this Regulation constitutes a new measure related to EURODAC within the meaning of the Protocol between the European Community, the Swiss Confederation and the Principality of Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Community and the Swiss Confederation concerning the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in a Member State or in Switzerland. Consequently, the delegation of the Principality of Liechtenstein should participate in the Management Board of the Agency. In order to determine the further modalities, e.g. voting rights, allowing for the participation of the Principality of Liechtenstein in the Agency's activities, a further arrangement should be concluded between the Union and the Principality of Liechtenstein.

CHAPTER I

SUBJECT MATTER

Article 1

Establishment of the Agency

- 0a. A European Agency ("the Agency") for the operational management of the second-generation Schengen Information System (SIS II), the Visa Information System (VIS) and EURODAC (hereinafter referred to as "large-scale IT systems") is hereby established.
- 0b. The Agency may also be made responsible for the preparation, development and operational management of other large-scale IT systems in the area of freedom, security and justice, only if so provided by the relevant legislative instrument, based on Title V of the TFEU, taking into account, where appropriate, the developments in research referred to in Article 5 and the results of pilot schemes referred to in Article 6.
- 0c. Operational management shall consist of all the tasks necessary to keep the large-scale IT systems referred to in paragraph 1 functioning in accordance with the specific provisions applicable to each of those IT systems, including responsibility for the communication infrastructure used by the IT systems. These large-scale IT systems shall not exchange data and/or enable sharing of information and knowledge, unless provided in a specific legal basis.

Article 1A

Objectives

Without prejudice to the respective responsibilities of the Commission and of the Member States under the instruments governing the IT systems referred to in Article 1, the Agency shall ensure:

- (a) the implementation of effective, secure and continuous operation of the IT systems referred to in Article 1;
- (b) the efficient and financially accountable management of those systems;
