Cabinet Office & Number 10

GCO Name(s)	GCHQ Top level Aim with Customer	CABINET OFFICE MISSION
[REDACTED]	Cabinet Office is assured of GCHQ's effective governance and financial management and recognises our role as a critical member of the Whitehall policy-making community; The PM recognises and values GCHQ's contribution to the UK's National Security	To make Government work better by (i) supporting the Prime Minister, (ii) supporting the Cabinet and (iii) strengthening the civil service

Top Objectives in 08-09
<ol style="list-style-type: none"> 1. Agreement and successful implementation of an IA governance regime that recognises CESG's role as National Authority and puts IA where it needs to be on the Government agenda 2. Our (still fragile) representation at Cabinet Office-led foreign policy meetings is strengthened and success maintained through the turn over of Heads of intelligence 3. GCHQ responds more consistently and coherently to Cabinet Office demands for technical expertise on issues relating to interception, IA and the Internet 4. As a result of the Constitutional Reform Bill, GCHQ is aligned constitutionally with SIS and BSS and suffers no impact to its operations. 5. In support of Cabinet Office and as lead Agency, GCHQ drives forward the UK's response to CNCI 6. Bring influence to bear on HMG and international (in particular EU) legislation, policies and strategies and to ensure continuing GCHQ operations, outcomes and added value 7. Director GCHQ hosts a visit by the PM to Cheltenham

Cabinet Office Current Headline Issues	GCHQ Areas of Engagement
Service transformation (eGovernment etc); Data handling review; Problems facing the SCOPE programme; Review of the JIC R&P process; Constitutional Reform	In helping to inform and shape Government Policy - As a key contributor to the JIC and intelligence assessment process - As a partner in determining the future for Agency or IA Governance, funding and oversight - In helping to deliver Government's response to crises - In ensuring that GCHQ interests/equities are acknowledged in the drafting, or application, of UK and EU legislation - As a partner in progressing the future of SCOPE

and its associated programmes - In ensuring ISR act as an informed champion of Agency interests in dealings with HMT - In ensuring the Cabinet Office finance team to represent accurately Agency interests through the Parliamentary estimate and vote and through HMT's in-year management processes

RESTRICTED

DECC

Annex B2 to DIR/3264/1506/3/1, 2 July 08

SCO Name(s)	GCHQ Top level Aim with Customer	DECC MISSION
IA, CAM	Work with DECC to influence UK energy policy and prevent damaging climate change. Work with DECC to enable them to manage business information risk effectively and help them assist their constituencies/communities	To ensure the supply and efficient use of clean, safe and competitively priced energy and manage energy liabilities and tackle the twin – global – challenges of energy security and climate change.

Top Objectives in 08-09

1. Develop relationship with Secretary of State's office by providing regular briefings on how intelligence is influencing UK energy policy. (HINT) 2. Support DECC through period of turmoil during establishment and building move. (DHINT) 3. Work with DECC to develop plans for provision of secure IT in 3-5 Whitehall Place to meet reader requirements (ITSD). 4. Support DECC's objectives in meshing climate change and energy security policy (OP1-TSI).

IA: Develop senior relationships in order to develop a clear view of future requirements from, and relationships with, DECC

BERR Current Headline Issues	GCHQ Areas of Impact
Maintaining the UK's energy security by engaging with energy producers and consumers to promote investment, transparency and open, competitive markets. Avoiding dangerous climate change by achieving international consensus on emissions targets through the UNFCCC process, encouraging the development of renewable energy technologies and giving oil producers a stake in renewable energy by encouraging them to invest petrodollars in renewable technologies.	Provision of timely intelligence to support DECC objectives on: the intentions of Russia as an energy supplier. Reactions of energy producers to the London Energy Meeting and subsequent process. Attitudes of key countries to climate change and the UNFCCC process. How the economic situation is affecting attitudes to investment in energy and renewable technologies. Iran; negotiating positions in the IAEA process. Provision of IT support and expertise on introducing secure IT to Whitehall Place.
IA: Developing proper information risk posture for DECC and all its subordinate departments, agencies, bodies	IA Customer Engagement

GCHQ Products and Services

1. EPR 2. Tip-offs 3. Policy input

FCO

Annex B1 to DIR/3264/1506/3/1, 2 July 08

GCO Name(s)	GCHQ Top level Aim with Customer	FCO MISSION
[REDACTED]	Continue to build relationship into a true partnership (FCO understanding of, and support for, GCHQ's operational requirements; effective use of Intelligence by FCO; collaboration which makes possible an increasingly active contribution by GCHQ (both Sigint and IA) in helping FCO achieve its desired outcomes).	Better World, Better Britain (A flexible Global Network serving the whole of the British Government. Essential services that support the British economy, support British nationals abroad, support managed migration to Britain. Policy Goals to counter terrorism, weapons proliferation and their causes; prevent and resolve conflict; promote a low carbon, high growth, global economy; develop effective international institutions, above all the UN and EU)

Top (five) Objectives in 08-09

1. Ensure that GCHQ and FCO warranty and submission procedures are fit for purpose given increased complexity and need for pace in our work. ([REDACTED], H/Ints, Private Office, GCO FCO) 2. Contribute to development of future IT systems to allow FCO to make most effective use of Intelligence 3. Maximise Sigint's contribution to the achievement of FCO's desired outcomes (Routinely invited to all appropriate policy meetings; timely access to policy papers; identify possible effects opportunities; x.GSI connectivity) 4. Achieve better integration of Sigint and IA services to FCO 5. Greater level of routine contact between GCHQ and FCO seniors, and map members of FCO SLF to their SMA interests.

FCO Current Headline Issues

(Vary with world events, but currently include:) Zimbabwe, Afghanistan, Iraq, Iran, Pakistan, Kosovo, China/Tibet. Delivering the new strategic framework with consequent organisational and resource adjustments. Delivery of Firecrest 3rd Generation (F3G). Future handling of Intelligence through IT. (Plus concentration on people, money management, improving buildings, communication, working practices)

GCHQ Areas of Impact

Provision of timely products, services and advice to inform and influence FCO Policy formulation and implementation. A awareness and FCO's ability to defend its network. Future IT. Improve FCO's appreciation of, and ability to make effective use of, Intelligence.

GCHQ Products and Services

1. EPR 2. Tip-offs 3. Tailored written and face to face briefings 4. Policy input 4 GCOs in FCO and theatre. 5. Technical support 6. IA services, advice and support

FSA

GCO Name(s)	GCHQ Top level Aim with Customer	FSA MISSION
	to provide value from FSA-funded post in serious crime team providing intelligence on serious instances of fraud, insider dealing and market manipulation or distortion which involves or threatens UK interests	

Top (five) Objectives in 08-09
1. Continue bringing new incumbent of above post up to speed 2. Maintain productivity on FSA-tasked insider dealing operation and COLP-tasked boiler room operations 3. Get Philip Robinson (Director Financial Crime) down to Cheltenham (Visits office).

FSA Current Headline Issues	GCHQ Areas of Impact
Sovereign Wealth Funds, global financial instability, terrorist financing, Russian, Chinese and Lithuanian attempts to penetrate the UK banking/financial markets	Provision of timely EPR to inform FSA regulation of UK financial sector. Advice on use of intercept in "fit and proper" decisions and laE implications. Sigint leads on an insider dealing operation have given a much greater understanding of the issues, directly influenced the direction of the investigation and led to further FSA collaboration with SOCA. GCHQ reporting on boiler rooms has led to some very tangible outcomes including the addition of companies to the list of unauthorised firms on FSA's website on the basis of only one consumer complaint of they have corroborating information from Sigint and (through COLP) the disruption of those involved in boiler room fraud, including a number of arrests and the seizure of criminal assets.
GCHQ Products and Services	
1. EPR 2. Support on laE issues.
