ANNEX 14 SERIOUS INCIDENT REPORTING

1. Introductory Information
The Serious Incident Report (SIR) pursues the goal to inform Frontex, Member States, Management Board and other stakeholders if relevant as soon as possible about the occurred situation described in the “Frontex Serious Incident Catalogue” in order to increase the situation awareness and reaction capabilities of Frontex activities. Furthermore to support an adequate and rapid response related to Frontex Joint Operations. The SIR can be the first basis to be used for official statements and follow-up measures of Frontex.

2. Serious Incident Catalogue
2.1 Definition of serious incident
Serious incident is an event or occurrence, natural or caused by human action, which may affect, or be relevant to, the Frontex mission, its image, the safety and security of the participants on the operation, or any combination thereof including violations of Fundamental Rights and of EU or international law rules related to the access to international protection and infringements of the Frontex Code of Conduct.

2.2 Serious Incident Categories
2.2.1 Category 1 - Situations of high political and/or operational relevance especially with potential effect on EU border management on one or more MS/SAC\(^1\) including international crisis situations, including:
- Terrorist attack in MS/SAC, EU neighboring or third countries
- Natural disasters in MS/SAC, EU neighboring or third countries
- Other disasters/man-made disaster (chemical, nuclear) in MS/SAC, EU neighboring or third countries
- Unexpected major changes in border management, e.g. introduction of visa obligations, temporary closure of BCPs
- Major incidents related to EU/SAC border security (not in relation with Frontex operational activities), e.g. massive arrivals of irregular migrants, traffic accidents on BCP, blockade of BCP
- Border conflict between MS/SAC and third countries

---

\(^1\) Leading to a change on the level of border control, (e.g. introduction of specific border control, means, temporary introduction of border control between Schengen countries, stop for air traffic)
• Civil war / riots and civil commotion in MS/SAC, EU neighboring or third countries
• Armed conflict between EU neighboring and / or third countries or with MS/SAC

2.2.2 Category 2 - Incidents occurred in Frontex activities/Joint Operations and not related to Frontex staff, or any other participant in such activity/Joint Operation (e.g. members of the European Border Guard Team and border guards of the host Member State) including:
• Incidents in Frontex activities with a high public or political interest (death of persons, high number of arrivals in unexpected regions), unexpected massive arrivals of irregular migrants
• Incidents or accidents at the external border with potential effect of Joint Operation implementation
• Use of force, and in particular the use of firearms in Joint Operations
• Incidents with involvement of third countries
• Suspected violation of Fundamental Rights in the European or international law related to the access to international protection
• Serious accidents with involvement of deployed means (e.g. plane crash)
• Dissension between participating MS (Host and Home) in Frontex coordinated activities, significant (unexpected) changes in implementation compared with operational plan
• Unforeseen other incidents with potential effect on the implementation of Joint Operations

2.2.3 Category 3 - Participating actors in a Frontex coordinated activity (e.g. Frontex staff, Members of the European Border Guard Team), including:
• Death of Frontex staff member/deployed participant
• Severe injury of Frontex staff/deployed participant
• Serious accident involving Frontex staff/deployed participants whether on or off duty
• Arrest / with involvement of Frontex staff/deployed guest officers
• Serious illness or contagious diseases of Frontex staff/deployed participants (epidemic related)
• Impossibility to use Frontex premises or parts of Frontex premises
2.2.4 Category 4 - Situations of suspected violation of Fundamental Rights including:

- Suspected violation of Fundamental Rights in the European or international law related to the access to international protection
- Observed or witnessed possible violation in particular against
  - Right to human dignity
  - Prohibition of torture and inhuman or degrading treatment or punishment
  - Right to liberty and security
  - Right to asylum
  - Principle of non-refoulement and non-discrimination
  - Rights of the child
  - Right to an effective remedy

3. Reporting
Serious incidents shall be reported to the Frontex Situation Centre (FSC) immediately after knowledge to ensure that Frontex is able to react properly if needed. It is crucial that participants/actors involved in a Joint Operation understand the importance of the SIR (former Flash Report) as serious incidents might have big impact on Frontex work and reputation, immediately or at a later stage.

3.1 Tools
Initial SIR  Initial Serious Incident Report
SIR  Serious Incident Report
Follow up SIR  Follow up Serious Incident Report

3.2 Chronology of the reporting

- Initial SIR (Former Flash Report)
  If a serious incident occurs, the actors of a JO who are directly involved or get knowledge of this incident shall immediately report to the FSC by using of the possible communication tools (email, sms, or mobile phone), latest within 2 hours after recognition. The Initial SIR shall contain a summary of information known at that point of time and shall be titled as such.

- SIR
  Subsequently and based on the development of the serious incident, a SIR (Annex 2) shall be sent via e-mail to FSC as soon as possible.
The SIR shall contain a comprehensive overview of the information available at this stage and including possible developments and proposals for decision making process (if applicable). The SIR shall be titled as such.

- Follow up SIR
The follow up of SIR shall be carried out and updates sent following the same reporting procedure indicated above. The Follow up SIR shall be titled as such by adding a consequent number in order to show the chronological development.

3.3 Content of SIR
The SIR shall include the following content (whenever possible) with respect to the serious incident occurred:
- HEADER (in the subject line), containing keywords for the serious incident
- WHAT....happened?
- WHEN....did it happen?
- WHERE...did it happen?
- WHO.......was involved/affected?
- WHY.......did it happen?
- HOW.......did it happen?
- MEANS USED: which means were used to carry out the actions leading to the incident?
- SOURCE OF INFORMATION: reliable / not reliable information
- ACTIONS TAKEN: own actions and actions from MS/others
- POSSIBLE CONSEQUENCES, EFFECTS,REACTIONS
- COMMENTS (if any)
Collecting additional information shall be carried out as agreed between the actors involved.

3.4 Responsibilities
- Actors/Participans in Frontex activities shall follow the chain of command of the Operational Plan but shall inform FSC immediately when a serious incident occurs. The one responsible one shall report the Initial SIR/SIR/Follow up SIR to FSC
- In case of doubts whether the occurrence fulfils the requirements of a serious incident do not hesitate to contact the FSC directly.

FOSS (Frontex One-Stop-Shop)  
https://foss.frontex.europa.eu

Frontex One-Stop-Shop (FOSS) is the main information-sharing platform that will be used for sharing operational-related information between all parties involved, during the Joint Operations coordinated by the Sea Border Sector: JG EP-Hermes 2012.

1. **FOSS: DEFINITION AND FUNCTIONS**

By definition, the Frontex One-Stop-Shop (FOSS) is a web-based and secure portal designed to provide situational awareness and to share operational-related information. FOSS serves as a documents repository for this information. Close-to-real-time and up-to-date information is available to multiple users, simultaneously.

The information shared in FOSS is organized and clustered in specific areas, according to the relevant topic, and is related to the core business of Frontex: co-operation and operational coordination between Member States in the field of border security. It is available 24 hours a day to its authorized users.

The information about ongoing JG (specified documents) will be accessible according to defined standards and amongst users designated respectively for each Joint operation.

2. **FOSS USERS**

Access to the FOSS portal is limited to internal and external members of the Frontex-related community: Member States representatives, National Frontex Points of Contact, national authorities, Frontex staff, deployed border guard experts, as well as certain other experts and authorized parties with a business need in Frontex activities.

All end-users registered in FOSS have "basic" type of access to general sections for unlimited period of time¹, including information such as:
- Frontex library: "Library" (Legislation, FOSS Procedures and statistics, Financial Templates - e.g. Running Expenses of Means, etc.),
- FOSS general information pages: "Help",
- "Contacts" (FSC Duty Officer, EU Agencies, National Border Guard Authorities, Contacts to NFPOCs, etc.)
- "Media Monitoring" with FMI and Daily Newsletter.

¹ Until the deletion of the user account
Figure 1: Sections available to all users: General documents

In addition for all users coming from parties involved in the activities of Frontex Joint Operations the information from Pooled Resources Unit, Training Unit and information about document Alerts is also made available for an unlimited period of time.

Figure 2: Sections available to users involved in Joint Operations.
3. USE OF FOSS DURING THE JOINT OPERATIONS: JO FOCAL POINTS SEA 2012

3.1. Content on FOSS for specific Joint Operations

In order to access the specific area on FOSS and information related to the respective operation coordinated by the Land Borders Sector, after you log on, click on "Operational Activities", then "Land Borders Sector". To reach the information related to the respective operation you are interested in (such as: "JO Focal Points Sea 2012") click on the name of the operation (or navigate from the left side menu).
Each area in FDSS has its own owner (called "Area of Interest Owner" - AoIO) who is responsible for the information contained in that specific area.

The Area of Interest Owner for the Joint Operation "JO EPN-Hermes 2012" is the Frontex Project Manager: Julian Javier Pérez Quilis.

Depending on the operational need and access level granted, end-users can have one of the following view rights:

a) Full sector overview (all JOs):

   - Includes documents regarding all Joint Operations and other activities within the specific sector.

   - Photo Multiannual Programme
     - JO Neptune 2012
     - JO Jupiter 2012
     - JO Eurocoop 2013

     - JO LBS Focal Points 2012

   - Pilot projects
     - [Brief information about pilot projects]

   - Conference Projects
     - [Information about conference projects]

---

2 Concerns mainly the permanent partners within the sector.
b) Full overview of JO documents:

Aside from the access to general section\(^3\), users authorized to have access to a specific operation, like to "JO FPN-Hermes 2012" area can view and download information related to that operation only.

- Includes all documents regarding the specific Joint Operation\(^4\)

3.2. FOSS Access procedures for specific Joint Operations

\(^3\) More details in paragraph 2
\(^4\) concerns mainly the authorities involved in this Joint Operation
FRONTEX

FOSS users are divided into "User Groups": each group is granted a specific access level that enables group members to view, read or upload information, depending on the operational needs.

For each specific operation under the umbrella of the Land Borders Sector user groups are divided into the following categories:

Permanent access:
- Frontex staff
- Frontex Land-Border Sector (LBS) and Air Border Sector (ABS)
- Frontex Situation Centre (FSC)
- National Frontex Point of Contact (NPFPC)
- National Authorities for Land-Border Sector (NA LBS) and Air Border Sector (ABS)

Temporary access: limited to the duration of the operation (+ additional period of time)
- Guest officers (JO EPN-Hermes 2012 GOs)/ other experts taking part in the “JO EPN-Hermes 2012”
- Local Coordination Centres LCCs (JO EPN-Hermes 2012 LCCs)

Temporary access refers only to the specific operational information. This access is limited to the duration of the operation; officers will be granted access before their deployment begins. Access will expire after agreed period of time. By default there should be 30 days added after the end of the deployment, depending on the decision about the level granted.

3.2.1. FOSS Access authorization

Access to FOSS is given upon request. It is granted if the requestor meets the following conditions:
- Has an operational need;
- Provides required details;
- Is authorized by the relevant authority.

Access is provided to individuals only, is personal, and should not be shared.

REQUIRED DETAILS - Access is granted upon receipt of the following data:

- Surname
- Name
- E-mail address
- Sending Institution’s name
- Sending Institution’s country
- Time frame during which access is requested

RELEVANT AUTHORITIES:
- 1st level authorization: NPFPC (User Coordinator)
- 2nd level authorization: "Area of Interest Owner" (Frontex JO Project Manager).

1 The use of the real full name and surname is mandatory. If a “functional access” applies, the name and surname are the ones of the person responsible to manage the functional access at local level (log, registration, etc.).
2 An official business e-mail address should be provided to check incoming messages during the deployment. If a “functional access" applies, the person managing the functional access at local level is responsible for the secure use of such access and dissemination of related information.
3 For deployed personnel: please indicate initial and final date of deployment.
They agree on, and decide, the access levels to be granted to guest officers and other experts.

ACCESS AUTHORIZATION PROCEDURE:

1) For Land Borders the NFPOC fills in the _______ and checks one of the two boxes as appropriate:
   ✓ (YES) Guest officer should have access to FOSS (and to the information on the related operational information);

   If "Yes" is chosen, the following options for "type of access" are available:
   a) Standard overview of JO documents
   b) Full overview of JO documents
   c) Full sector overview (all JOs)

   ✓ (NO) There is no need for the guest officer to have access to FOSS.

   Note: NFPOCs decides on the access level to be given to the Guest Officer.

1) For Air Borders the NFPOC fills in the "Accreditation form"(i) where stated: "NFPOC approves the request to access FOSS for"; (choosing one of the three boxes as appropriate):
   □ The length of the operation
   □ The length of the operation + one month
   □ No access

   Note: NFPOC decides on the access level to be given to the Deployed Officers.
   1. The NFPOC sends the duly completed "Accreditation form" to Frontex JO Project Manager
   2. The Project Manager sends the relevant data to the FSC User Administrator.

2) The NFPOC sends the duly completed _______ form to Frontex JO Project Manager
3) Frontex Project Manager sends the relevant data to the FSC User Administrator.

---

(ii) "Accreditation form" is attached to the Operational Plan.
3.2.2. FOSS - Description of roles & responsibilities

**User Coordinator**
This function is assigned to the relevant Member State’s NFPOC.

**Responsibilities:**
- Gathers user data;
- Validates access;
- Provides user data to the "Area of Interest Owner" (Frontex JD Project Manager);

"Area of Interest Owners"
This function is assigned to the Project Manager in charge of the Joint Operation.

**Responsibilities:**
- Establishes the structural design and the layout of the Joint Operation’s specific area (FOSS Area of Interest);
- Uploads the content in the Joint Operation’s specific area;
- Authorizes the users groups and their permissions levels;
- Provides all necessary information to the User Administrator.

**User Administrator’s (FSC)**
This function is assigned to FSC.

**Responsibilities:**
- Creates, updates and removes user accounts;
- Assigns users to a respective group;
- Assigning groups to the Joint Operation’s specific area.

Operational resources management system (Opera)
https://fis.frontex.europa.eu/opera/

The Operational resources management system (Opera) is an integrated web-based system for the management of the operational resources pooled and deployed in Frontex coordinated activities. Information related to the availability and deployment of the resources is stored in the application and is available for the generation of statistics, and for automated reporting.

The main functions of the Opera system are the following:

- **To Manage contributions to the HR and TE Pools:** Personal data (including deployment history, profiles, participation in Frontex training, etc) of officers nominated to the HR Pools is stored in the HR Pools database. MSs nominate officers and update the information in real time by using Opera. The content is fully searchable and available for the other functionalities of the application. The same applies to the TE Pool database (CRATE).

- **To Manage and allocate resources to Frontex Operations and Pilot Projects by:**
  - Creating and storing operational details such as duration, location, type of Operation, operational needs in terms of HR and TE;
  - Supporting the generation of Frontex requests for availability of resources to the MSs;
  - Managing the contribution and allocation of MSs resources to a given Frontex coordinated activity;
  - Managing the Running Expenses of Means templates
  - Monitoring and registering the deployed resources

- **To Issue secure accreditation documents:** Information on the allocation of HR gives the Frontex project manager the possibility of easily creating requests for accreditation documents for his/her Operation. Opera foresees also the possibility of sending a PDF document directly to the NFPOC when the document is created.

- **To generate reports:** opera gives Frontex and the MSs the possibility of generating different types of report in a fully automated way such as composition and statistics on Pools, overviews on deployments and registration for officers, KPIs, reports on the deployed resources in a given Operation, other customisable reports.

As of 2nd April 2012 the platform is to be used as a pilot project by Frontex and by the Member States/Schengen Associated Countries authorities to organise the deployment of technical equipment and human resources under a specific activity (RABIT Operation, Joint Operation, Joint Return Operation and Pilot Project).

Users, according to the instructions received during the Opera Training and procedures discussed and agreed in the Opera workshops organised in 2012, input information concerning the available/deployed resources, Running Expenses of Means related financial data, and officer registration details (necessary for issuing accreditation/participant’s documents) directly through the Opera dedicated interface.
Under "Travel Details", MSs shall input information about the arrival and departure dates (including indication of approximate time of arrival), Flight details if travelling by airplane, Mean of Transportation, Route, Arrival Airport, Entry BCP/Airport and Accommodation. In the event of Accommodation being provided by the Host MS and being unknown at the time of registration, MSs shall indicate this in the Accommodation box by the text "accommodation provided by Host MS".
The Expiry date of the Accreditation Document is automatically set as the date of departure from the operational area. In the event of any particular need (e.g. transportation by car, etc.), MSs can manually extend the date in order to have the Accreditation Document valid until the arrival of the officer in his/her Country.

Under “Personal Equipment\Weapons”, MSs shall indicate if the officer is travelling to the operational area carrying weapons or not. If yes, MS shall also register the weapon and indicate the amount of ammunition. This field is mandatory.
Under "Technical Equipment", MSs shall indicate if the deployed officer is linked to a specific item of Technical Equipment requested and deployed through Opera (e.g. helicopter, vessel, etc.), or if he is carrying with him/her any other item of Technical Equipment.

Under Additional Information, MSs shall indicate if the officer shall have access to FOSS, and the type of access requested (including duration). Detailed information can be found in ANNEX 12. MSs shall also indicate the Daily Gross Wage and Daily Subsistence Allowances of the deployed officer for that specific operation.
ANNEX 19

STANDARD PLAN OF BRIEFING/DEBRIEFING

The 1st day of their deployment the deployed NOs/ experts shall be briefed by ICC/ LCCs. They shall be introduced in:

- Presentation of the Operational Plan and distribution of copies for those not provided in advance
- Introduction to the national and local border authorities, operational area, organizational structure and responsibilities (incl. tasks, responsibility areas on map, main statistics etc.)
- Organizational response or how the relevant border security tasks are carried out in this organization
- Information on relevant Union and International law, as well as Frontex Code of Conduct highlighting elements related to fundamental rights and international protection.
- Introduction of Local Coordinators, contact persons; advices on practical arrangements in the area of accommodation (Not applicable to NOs)
- General and specific roles and tasks during their deployment. Structure and essential information on the reporting flow
- Presentation of duty plan/working schedule for their deployment

ANNEX 29

PRESS COMMUNICATION RULES

1. General

All authorities involved in the execution of the JO EPN-Hermes 2012 will ensure full transparency of all actions undertaken.

Information given to the media cannot hamper the course of the operation.

National authorities sending border guards to JO EPN-Hermes 2012 should limit their public statements to the general objectives of the operation, numbers and profiles of experts sent.

Guest officers are allowed to talk to the media only within the limits set by specific guidelines for the participating officers below. Each team member taking part in the operation shall receive a laminated card with the specific guidelines.

A network of press offices of all involved authorities will be established. All contact details shall be sent to the press@frontex.europa.eu address.

A compiled list will be distributed to all parties involved.

2. Communication Rules

The communication strategy on the Border Control Operational Actions on the territory of Italy is common for Frontex and the Host Member State.

Press Offices of Frontex and Italian Authorities will be entirely responsible for coordination of all matters related to interview requests, press visits to the operational area and any other press-related matter related to JO EPN-Hermes 2012 in general, as well as on the ground.

Press Lines regarding joint border control operational issues and actions as well as specific incidents that might occur, are agreed by Frontex and Italian Authorities.

3. Tasks of press offices

Press visits to the JO EPN-Hermes 2012 will be organised by Italian authorities in cooperation with Frontex Information and Transparency.

The tasks of the press offices will include:

- informing the media representatives on the Frontex mission and activities, as well as on the daily activities of JO EPN-Hermes 2012.
- Being the Local Point of Contact for media requests.
- Handling requests by the media representatives in cooperation with Frontex Information and Transparency.
- Arranging interviews with representatives of the Italian Authorities and with selected guest officers.
- Arranging filming opportunities, in close cooperation with the competent Italian Authorities for the representatives of TV channels.
- Media monitoring and analysis of media tendencies (neutral, positive, negative) in cooperation with respective authorities.
- Drafting, reproducing, sending and distributing press releases, statements and other communication issues, according to the circumstances and in close cooperation with the competent Italian Authorities (Polizia di Stato, Coast Guard, Guardia di Finanza).
- Promoting the activities of JO EPN-Hermes 2012 and presenting the results of operation in the area.
4. Management of Press Requests

The communication strategy regarding the Frontex mission and activities in general is under the auspices of the Agency.

Given that journalists need to get authorisation from the Italian Authorities to visit the area, the following procedures must be kept:

- Individual and on-the-spot media requests must be directed to Frontex Information and Transparency and adequate Italian Authorities electronically.

- Both Frontex Information and Transparency and Italian authorities will inform each other about media representative requests on a regular basis.

- The Italian Authorities will directly coordinate the flow of national (Italian) press requests received and will inform Frontex Information and Transparency about the planned presence of these media in the operational area.

- The Italian Authorities will decide whether or not to authorise a journalist to visit the operational area. The Italian Authorities will inform the Interested parties and Frontex Information and Transparency about the decision.

- The Italian Authorities will host the media representative. Media representatives will be asked to present their press credentials before participating in any patrolling activity.

5. Specific guidelines for the participating officers if approached by the media representatives:

Frontex Operational Office (FOO) (Greece)

The implementation of operational activities are coordinated focusing the Eastern Mediterranean Region consisting of Greece, Cyprus, Italy and Malta, considering activities carried out at all types of borders including return matters. The increased Frontex regional presence serve to match increasing reporting obligations related to joint operations and enhance inter-agency and third country cooperation.

Commented [BW1]: The text in this Annex contains sensitive information about organization, communication or operational activities, in particular regarding the tactics and modes operated of law enforcement forces. Disclosure of such information would harm the performance of future operational tasks taking place at the referred area and would facilitate performance of illegal activities such as human trafficking and drug smuggling, therefore it would harm the public interest as regards public security. In this regard the text is not disclosed pursuant to the exception laid down in the first indent of Article 4(1)(a) of Regulation (EC) (1049/2001)
