

## Future Group on Travel Intelligence and Border Management

Europol Headquarters, The Hague, The Netherlands

Meeting Room Robinson (3 February) and Myrdal (4 February)

### AGENDA 4<sup>th</sup> Workshop

#### 3 February 2020

- 11:00                    Opening and welcome
- Brief update on recent developments  
Purpose and topics of the 4<sup>th</sup> workshop*
- 11:15                    Travelling by EU citizens/residents
- Discussion about concepts and ideas to ensure a sound and balanced  
security approach for the travelling and border checks of EU citizens and  
residence card holders*
- 12:15                    Lunch
- 13:15                    Future perspective of Advance Passenger Information, taking into account  
the implementation of ETIAS and the amendments to the Visa process
- Presentation of the expected consequences of travel authorisation and visa  
requirements for carriers and national competent authorities for the  
collection and processing of API data in the future. The topic serves also  
as introduction for the assessment of information needs that is discussed  
after the coffee break.*
- 15:00                    Coffee break
- 15:20                    Border continuum of travellers and information needs along the timeline
- The entire process of cross-border travelling will be discussed with special  
attention to the stages at which information is/should be collected and  
where authentication of the identity and related data takes place.*
- 17:30                    End of day 1
