

List of projects presented by the Commission services (FPI, INTPA and NEAR) to the Coordination Group on Migration at its meetings of 3.12.2021, 17.02.2022, 01.04.2022, 17.06.2022, 19.10.2022, 16.11.2022, 24.11.2022 and 25.01.2023

- The projects indicated in *Italic* are those to be presented at the next meeting of 25.01.2023
- The distribution of projects by topics in the list below is not rigid and simply aims at facilitating the reading. As a matter of fact, most projects address more than one topic. Their categorisation has been made by taking into account their main objective.
- The marking of each project indicated in the list below (marking 1 = the project is expected to contribute to the migration spending target for the 40% of its value; marking 2= the project is expected to contribute to the migration spending target for the 100% of its value) is purely tentative and subject to revision. The marking is only firmly decided on at a later stage once all the elements of the project are developed and known.
- Projects considered for funding under the programme called “Flexible Mechanism” proposed under the Regional MIP of Sub-Saharan Africa are included in their separate group and not classified on the basis of their main topic.
- Next to each project is indicated the name of the Commission service specifically in charge (FPI, INTPA or NEAR).
- This is a living document, destined to be progressively expanded and improved.
