Dear colleagues

In regard with previous email Croatian DPA has received replay from national competent authority for handling SIS requests for access, rectification or erasure.

It statistics for 2023 shows in total **409 requests**.

Unfortunately according to their respond they do not have structured statistics as it is required by template within: COMMISSION IMPLEMENTING DECISION (EU) 2022/2206 of 11 November 2022 . For that purpose they would need to upgrade current handling system.

Best Regards
