¹ The Czech SA did not receive any requests under Article 17 of Directive (EU) 2016/680. However, the Czech SA received a total of 14 "standard" requests that were erroneously addressed to it instead of to the data controller. In 7 cases, where all the requirements for the request were met, the Czech SA forwarded such requests to the data controller (these are included in the numbers in fields 1a, 3a, 5a). In the other 7 cases, where one or more of the requirements were not met, the Czech SA informed the data subjects how to properly exercise their rights and provided them with the contact details of the data controller.

² Cases where the courts have made a final decision.
