

**COUNCIL OF  
THE EUROPEAN UNION**

**Brussels, 28 July 2011**

**6077/6/11  
REV 6**

**JAI 72  
DAPIX 5  
ENFOPOL 19  
CRIMORG 6**

**NOTE**

---

from: Presidency  
to: Working Group on Information Exchange and Data Protection (DAPIX)

---

No. prev. doc.: 5904/7/10 REV 7 JAI 96 DAPIX 17 ENFOPOL 31 CRIMORG 19

---

Subject: Implementation of the provisions on information exchange of the "Prüm Decisions"  
- overview of documents and procedures  
- overview of declarations  
- state of play of implementation of automated data exchange

---

**1. Introduction and content of the document**

The provisions of the "Prüm Decisions"<sup>1</sup> relating to information exchange concern

- supply of information relating to major events and in order to prevent terrorist offences
- automated searching of DNA profiles, dactyloscopic data and vehicle registration data (VRD)
- data protection.

Member States had to comply with the first and last categories of provisions by 26 August 2009 and will have to comply with the automated searching provisions by 26 August 2011 at the latest. In order to do so, a number of formal requirements have to be fulfilled, next to the technical implementation.

---

<sup>1</sup> Council Decision 2008/615/JHA and 2008/616/JHA, published in OJ L 210 of 6.8.2008, p. 1 and 12.

The current document aims to provide

- a brief overview of the formalities to be complied with, the related documents and procedures
- an overview of the declarations made by Member States pursuant to the relevant provisions of the Prüm Decisions
- the state of play of implementation of the automated data exchange of DNA, fingerprint and vehicle registration data (VRD)

## **2. Documents and procedures**

### **2.1 Declarations / notifications**

Delegations have to provide a number of declarations and notifications to the General Secretariat of the Council.

#### **Contact points:**

- for the automated searching of DNA profiles (Article 6(1) of Council Decision 2008/615/JHA)
- for the automated searching of dactyloscopic data (Article 11(1) of Council Decision 2008/615/JHA)
- for the automated searching of VRD (Article 12(2) of Council Decision 2008/615/JHA)
- for exchange of information on major events (Article 15 of Council Decision 2008/615/JHA)
- for exchange of information to prevent terrorist offences (Article 16(3) of Council Decision 2008/615/JHA)
- of data protection authorities (Article 19 of Council Decision 2008/616/JHA)

This information should be provided to the General Secretariat of the Council by mail to [prum@consilium.europa.eu](mailto:prum@consilium.europa.eu). Annex 1 indicates which Member States have already provided this information.

#### **List of national DNA analysis files**

Pursuant to Article 2(3) of Council Decision 2008/615/JHA, each Member State must inform the General Secretariat of the Council of the national DNA analysis files to which Articles 2 and 6 apply and the conditions for automated searching as referred to in Article 3(1).

The information must be sent to the General Secretariat of the Council by an official letter of the Permanent Representation.

Annex 1 indicates which Member States have submitted this declaration and in which official Council documents these are issued. As they are public documents, they can be obtained from the Council website.

### **Maximum search capacities for dactyloscopic data**

Pursuant to Article 13 of Council Decision 2008/616/JHA, each Member State must inform the General Secretariat of the Council by mail ([prum@consilium.europa.eu](mailto:prum@consilium.europa.eu)) of the maximum search capacities per day for dactyloscopic data of identified persons and for dactyloscopic data of persons not yet identified.

Document 5860/5/10 REV 5 JAI 92 CRIMORG 16 ENFOPOL 29 compiles this information and is the basis on which Member States' experts decide on the mutually agreed capacities. As it is a public document, it can be obtained from the Council website.

### **Readiness to apply**

According to Article 36(2) of Council Decision 2008/615/JHA, Member States shall notify to the General Secretariat of the Council and the Commission the legal implementation of the Prüm Decisions and to apply the Decision immediately in its relations with Member States which have given the same notification.

This notification must be sent to the General Secretariat of the Council by an official letter of the Permanent Representation.

Annex 1 indicates which Member States have submitted this declaration and in which official Council documents these are issued. As they are public documents, they can be obtained from the Council website.

### **Data protection requirements**

Prior to any processing of personal data and to evaluating the implementation of chapter 2 provisions, Member States have to guarantee the level of data protection and comply with all standards and procedures required by Chapter 6 of Council Decision 2008/615/JHA.

To this end, they have to fill in the questionnaire set out in document 6661/1/09 REV 1 ADD 1 REV 1 CRIMORG 25 ENFOPOL 39 and send it to [prum@consilium.europa.eu](mailto:prum@consilium.europa.eu).

Annex 2 indicates which Member States have replied to the data protection questionnaire and in which official Council documents these are issued.

## 2.2 Implementation of the automated data exchanges

Member States should regularly report on the national state of play of the implementation (legal and technical) of the automated data exchanges.

To that end, they should update the tables set out in annex 3 regarding DNA, annex 4 regarding fingerprints and annex 5 regarding VRD by sending a mail to [prum@consilium.europa.eu](mailto:prum@consilium.europa.eu).

Member States shall make sure that they implement the technical specifications as set out in Council Decision 2008/616/JHA (OJ L OJ L 210 of 6.8.2008, p. 12), notably by

- ensuring that the relevant national databases are made available
- using TESTA II as the network for the data exchange
- for the VRD exchange, using a version of the Eucaris software.

Member States that are already operational should act as “supporting partners” to Member States that are not yet operational with a view to:

- organising the technical support,
- helping the respective MS to meet the technical requirements,
- carrying out the pilot run,
- providing at least one expert to lead and/or participate in evaluation visits.

The choice of a supporting partner is done on the basis of bilateral contacts. Member States requiring the contact details from relevant experts in the other Member States can consult the contact lists issued by the General Secretariat of the Council.

Advice can also be sought from the respective lead experts:

- DNA: Dr. C.P. van der Beek MBA, [k.v.d.beek@nfi.minjus.nl](mailto:k.v.d.beek@nfi.minjus.nl)
- Fingerprints: [it05@bka.bund.de](mailto:it05@bka.bund.de)
- VRD: [dsoops@skynet.be](mailto:dsoops@skynet.be)

For VRD, in case of technical problems, IT management, etc., contact with Eucaris can be made via [secretariat@eucaris.net](mailto:secretariat@eucaris.net).

### 2.3 Evaluation procedure

Before a Member State can start the operational automated searching of any of the categories, it should pass an evaluation procedure<sup>2</sup>, the details of which are set out in document 6661/2/09 REV 2 CRIMORG 25 ENFOPOL 39<sup>3</sup> as amended by doc. 10149/10 JAI 463 CRIMORG 103 ENFOPOL 145 ENFOCUSTOM 43.

Detailed descriptions of the evaluation procedures are set out for

- DNA data in doc. 11899/2/10 REV 2 DAPIX 8 CRIMORG 141 ENFOPOL 203 + COR1 dactyloscopic data in doc. 11898/2/10 REV 2 DAPIX 7 CRIMORG 140 ENFOPOL 202 + COR 1
- VRD in document 6661/1/09 REV 1 ADD 5.

In summary, the procedure consists of a questionnaire, a pilot run and an evaluation visit.

The data protection questionnaire should be filled in before any evaluation procedure starts. (cf. annex 2)

The evaluation procedure is started when the Member State fills in the **questionnaire** related to the data category for which it wishes to start the implementation and sends this to the General Secretariat of the Council ([prum@consilium.europa.eu](mailto:prum@consilium.europa.eu)).

---

<sup>2</sup> Article 20 of Council Decision 2008/616/JHA

<sup>3</sup> This evaluation procedure applies as from 13 October 2009 to any Member State wishing to start a data exchange pursuant to the Prüm Decisions (cf. doc. 13919/1/09 REV 1 CRIMORG 136 ENFOPOL 233) without prejudice to Article 25(3) of Council Decision 2008/615/JHA. Until then, Member States implemented the Prüm exchange of DNA, dactyloscopic and VRD pursuant to the Prüm Treaty. The latest decision in this regard ("7th Decision of the Committee of Ministers") is of 9 October 2009.

The questionnaires are set out in the following documents:

- DNA: 6661/1/09 REV 1 ADD 2
- dactyloscopic data: 6661/09 ADD 3
- VRD: 6661/1/09 REV 1 ADD 4 REV 1

Annexes 3 to 5 will reflect which Member States have replied to which questionnaires and in which official Council documents these replies are issued.

By this time, all the relevant declarations and notifications must also have been sent. (cf. point 2.1 and annex 1 of current document)

The **pilot run** and **evaluation visit** must be organised in close cooperation with the supporting Member State and the lead expert. Information thereon must be sent regularly to the General Secretariat of the Council ([prum@consilium.europa.eu](mailto:prum@consilium.europa.eu)) with a view to updating annexes 3 to 5 to the current document so that a general planning and overview can be kept.

Once the pilot run and evaluation visit have been done, the **evaluation report** shall be submitted to the Council so that the **Council** can take a **decision** that the Member State can start the operational data exchange. This will be indicated in the annexes 3 to 5, including the reference of the relevant Council document(s).

### **3. Obligations for operational Member States**

As soon as Member States become operational, they should participate in the work as supporting partner for non-operational Member States. In this context, they should send the name of (an) expert(s) who can participate in the evaluation visits to the General Secretariat of the Council ([prum@consilium.europa.eu](mailto:prum@consilium.europa.eu)).

Member States shall compile statistics on the results of the automated data exchange in accordance with the agreed models for DNA (to be defined), dactyloscopic data (doc. 10471/1/10 REV 1 JAI 501 DAPIX 30 CRIMORG 109 ENFOPOL 151) and VRD (doc. 13837/10 JAI 755 DAPIX 18 CRIMORG 159 ENFOPOL 251 ENFOCUSTOM 77). Member States shall forward the statistics and further information on the administrative, technical and financial implementation to the General Secretariat of the Council ([prum@consilium.europa.eu](mailto:prum@consilium.europa.eu)).
