Subject: Proposal for a Regulation of the European Parliament and of the Council on establishing an Agency for the operational management of large-scale IT systems in the area of freedom, security and justice
- Preparation for the high-level dialogue

1. On 26 June 2009, the Commission submitted to the Council proposals for a legislative package establishing an agency for the operational management of large-scale IT systems in the area of freedom, security and justice. The package consisted of a proposal for a Regulation of the European Parliament and of the Council establishing the Agency (ex-1st pillar) and a proposal for a Council Decision conferring upon the Agency tasks regarding the operational management of SIS II and VIS in application of Title VI of the EU Treaty (ex-3rd pillar).

2. After the entry into force of the Lisbon Treaty, the Commission submitted to the European Parliament and the Council a single amended proposal for a Regulation establishing an agency for the operational management of large-scale IT systems in the area of freedom, security and justice.
3. During the Swedish and the Spanish Presidencies, as well as under the Belgian Presidency on 6 September 2010 and 11 October 2010, the Working Party for Schengen Matters (Acquis) discussed the abovementioned proposal for a Regulation. Following these discussions, the Presidency inserted a number of extensive modifications into the text.
4. In parallel, the Presidency established regular informal contacts with the European Parliament, both informing the Rapporteur of the compromise drafts resulting from discussion at the Working Party, and taking note of the main concerns expressed by the European Parliament. Representatives of the Commission were also involved in these preliminary informal contacts.
5. On 11 October 2010, the orientation vote on the draft report on the proposal for a Regulation took place at the LIBE Committee of the European Parliament and a mandate was given to the Rapporteur to negotiate in trialogue.
6. On 3 November 2010, the Mixed Committee at the level of Senior Officials gave the Presidency a mandate¹ to start negotiations in trialogue with a view to reaching an agreement with the European Parliament at first reading.
7. On that basis, informal trialogues at experts' level took place on 16 November 2010, 30 November 2010, 3 February 2011 and 11 February 2011.

¹ See 14469/10.

8. Member States were informed of the compromise proposals resulting from these informal dialogues during the JHA Counsellors meetings held on 10 December 2010 and 22 February 2011, where, at the same time, some remaining open issues were discussed. The Mixed Committee at the level of Senior Officials on 8 December 2010, and Ministers informally on 2 December 2010, also addressed some of the open issues. Despite the fact that some reservations from Member States are still pending, a possible compromise could be reached on all of the issues which remained open for the Member States, except the formulation of the political agreement reached by the Ministers regarding the seat and the structure of the agency (Article 7).
9. Delegations will find in the annex a four-column table, containing the compromise text that will constitute the basis for the Presidency to discuss at the high-level dialogue scheduled for the week of 21 March 2011.
10. DE entered a general reservation on this Proposal. AT, CY, EL, FR, IT, LT, NL and UK entered a general scrutiny reservation. Specific reservations on particular provisions are mentioned in footnotes in the Annex.
11. **Delegations are therefore invited to lift their reservations and to endorse the compromise text in the annex**, as the basis for the Presidency to discuss at the high-level dialogue, with the exception of the provisions regarding the seat and the structure of the agency. The latter, will be addressed in a separate document in due course.

Text in *italics* refers to amendments or suggestions from EP. Text in **bold** refers to modifications to the initial COM proposal. Text **in grey** refers to wording **modified** / **and agreed** during the informal "trialogues" at experts' level.
