Dear Jenny,

I write in response to issues raised about the activity of undercover policing officers. In your email dated 28th September 2012 you requested information on police officers who enter into sexual relationships with activists. I understand that Deputy Assistant Commissioner Patricia Gallan wrote to you on 22 October 2012 setting out a response to the questions you raise. I attach a copy of this. Whilst she does not respond to each of the individual questions that you raise, her response does provide an explanation of the Metropolitan Police Service position.

In response to your letter dated 23rd October, I understand that you are unsatisfied with the response provided. I understand further that the Deputy Commissioner gave you an undertaking at the 25th October Police and Crime Committee to try and provide you with specific detail. I hope this will be satisfactory.

Yours sincerely,

Stephen Greenhalgh
Deputy Mayor for Policing and Crime
