Subject:	Proposal for a Directive of the European Parliament and of the Council on the use of Passenger Name Record for the prevention, detection, investigation and prosecution of terrorist offences and serious crime - Preparation of the informal trilogues

---

On 15 July 2015, the LIBE Committee of the European Parliament adopted its orientation vote on the above draft Directive. The LIBE Committee also agreed to enter into negotiations with the Council, which already adopted a general approach in April 2012. To facilitate discussions, the Presidency submits in the Annex a five-column table with observations.

Abbreviations used:

GA = Council General Approach

CNS = Council

MS = Member States

EP = European Parliament

PRES = Presidency

Changes compared to the original Commission proposal are marked; in the Council general approach by ~~strike-through~~ when text has been deleted, and underlining for new and added text; in the draft EP text, new wording is in **bold**.

Please be aware that the third column will most likely be subject to changes, since the document, which was distributed on 15 July in relation to the voting of the compromise, will have to pass through the EP lawyer/linguists.
