

FOI Reference: 017/2011

Request:

Under the Freedom of Information Act, please may I request the following information:

1. All documents and correspondence held by the force relating to the potential use of Unmanned Autonomous Systems (UAS).
2. Please can I also request all correspondence, including emails and letters, written between the force and BAE Systems relating to UAS.

Clarification:

Please can I refine the request as below:

1. The last 3 calendar years only in terms of time span.
2. The request relates only to the potential use of "drones" it does not relate to the potential use of systems which are used to capture images / data of drones nor the databases which they download to.

Responses 1 & 2:

I can confirm that there is no information held by Dyfed Powys Police. This is as a result of the fact that Dyfed Powys Police does not hold any documents or correspondence over the past 3 calendar years concerning the potential use of "drones."
