(G) THE ACP-EU MIGRATION DIALOGUE

The ACP-EU Migration Dialogue was launched in June 2010 through a Joint Declaration of the ACP-EU Joint Council. The dialogue is based on Article 13 of the Cotonou Agreement. In May 2011, it was decided to further deepen the dialogue, focusing in particular on the subjects of remittances, visa and readmission, with the specific aim to strengthen the operational aspects of ACP-EU cooperation on these topics.

A series of expert meetings took place to this effect, both at expert and Senior Official / Ambassador level. A joint report including recommendations on remittances, visas and readmission was adopted in June 2012 at the ACP-EU Joint Council of Vanuatu. Joint Visa subgroup meeting, technical workshop on return and readmission and experts' seminar on trafficking in human beings and smuggling of migrants took place in 2014.

The thematic meetings are supported by the EU-ACP Migrant Action, a 10MEURO program which implements some of the recommendations. No further technical dialogue is foreseen as the program is coming to an end.

The ongoing Post Cotonou negotiations offer an opportunity to revisit the EU-ACP migration dialogue and its implementation.

Part 2 – The bilateral dialogues

(A) TURKEY

Turkey

In 2008 the Council adopted a revised Accession Partnership with Turkey. On 16 December 2013 the EU and Turkey signed a readmission agreement and launched a visa liberalisation dialogue. The Commission adopted the first report on the implementation of the Visa liberalisation roadmap on 20 October 2014. Turkey continued to develop its administrative capacity to implement the EU-Turkey readmission agreement, which entered into force for Turkish nationals in October 2014. Implementation of the agreement for Turkish nationals remained nevertheless unsatisfactory as the provisions of the agreement were not observed in a systematic and coherent manner by all Turkish diplomatic missions in the EU. Regarding the readmission of third country nationals, the relevant provisions entered into force on 1 June 2016,. Nevertheless, so far the Turkish Council of Ministers has not taken the decisions authorising the application of these provisions.

The meeting of Heads of State or Government with Turkey on 29 November 2015 activated the EU-Turkey Joint Action Plan on Migration in order to step up cooperation for the support of Syrian refugees under temporary protection and their host communities in Turkey and to strengthen cooperation to prevent irregular migration flows to the EU. A comprehensive cooperation based on shared responsibility, mutual commitments and delivery between the European Union and Turkey was agreed within the framework of the 18 March 2016 EU-Turkey Statement.

In response to the call from EU Member States for significant additional funding to support refugees in Turkey, the Commission established on 24 November 2015 the Facility for Refugees in Turkey. The Facility is a mechanism that coordinates the mobilisation of resources made available under both the EU budget, and additional contributions from Member States integrated into the EU budget as external assigned revenue. Contributions amount to a total of EUR 6 billion, with EUR 3 billion committed for the

<i>years 2016-2017 and a further EUR 3 billion committed for 2018-2019.</i>		
<i>The continued implementation of the 18 March 2016 EU-Turkey Statement, which reduces irregular and dangerous crossings and saves lives in the Aegean Sea, plays a key role in ensuring that the migration challenge is addressed effectively and jointly by the EU and Turkey, is in the interest of both sides and remains crucial with a view to bringing irregular migration to a halt.</i>

Morocco

The EU-Morocco Association Agreement entered into force in 2000. Since 2008 Morocco has an Advanced Status, under which the EU-Morocco Social Affairs and Migration Working Group met once a year. On 13 October 2011 a Dialogue on migration, mobility and security was launched. A Mobility Partnership was signed in June 2013. The COM has a mandate to negotiate a readmission agreement since 2000 and, following the signature of the Mobility partnership, also a mandate to negotiate a visa facilitation agreement. A single round of negotiations on both agreements took place in January 2015.

Following the European Court of Justice (ECJ) ruling of December 2015 on the Agriculture Agreement, EU-Morocco political relations came to a standstill and formal dialogue structures (including migration) were suspended. The positive EP votes on the new Agriculture and Fisheries Agreements, in early 2019 allowed for a relaunch of relations, which was confirmed by the Association Council held in Brussels on 27 June 2019. On this occasion, a joint EU-Morocco political declaration was adopted, which includes references to cooperation on mobility and migration as a priority for the future of the bilateral relations.

Commissioner Avramopoulos visited Morocco in November 2017, May 2018 and December 2018. The Director of EBCGA, Fabrice Leggeri, visited Rabat on 25 June 2019. A senior official meeting on migration and security issues was held in Brussels in June 2019, where Morocco showed its willingness to resume negotiations on a visa facilitation and readmission agreement in the coming months. The possibility of holding several other meetings in autumn 2019 was also discussed, including roundtables on mobility and a Subcommittee for Migration and Social Affairs. Specific contacts on cooperation on migration have also been re-established. On 28 and 29 August 2019 the COM visited Morocco as a follow up to the senior official meeting.

From a financial point of view, in 2018 the EU stepped-up its overall support to Morocco's border surveillance capacities by EUR 144m. This includes: 1) a regional programme of EUR 55m (30m for Morocco) adopted by the EUTF Committee in July which is now under implementation by ICMPD; 2) a budget support action worth EUR 70m for Morocco to fight against smuggling and trafficking of migrants, including through a reinforcement of border control capacities, adopted in November (30m disbursed in December 2018; 40m will be disbursed in 2019); 3) a EUR 44m programme focused on equipment on border management adopted by the EUTF Committee on 13 December, for which the contract with FIIAPP for implementation in 2019 was signed last April.

Regarding the EU Trust Fund for Africa, there are also currently four additional projects in Morocco for improved migration management (EUR 25.3 million).

In 2008 a visa dialogue was opened, examining conditions for visa-free travel of Ukrainian citizens to the EU. A VLAP was endorsed by the Council on 10 November 2010 and presented by the EU to Ukraine at the EU-Ukraine Summit on 22 November 2010. The sixth and final progress report, which was adopted on 18 December 2015, concluded that based on the commitments taken by the Ukrainian leadership, all the measures identified in the fifth progress report had been taken by Ukraine and that all the benchmarks of the VLAP had been met. As of the 11 June 2017, Ukrainian citizens, holders of biometric passports can travel visa-free to the Schengen area. Since visa liberalisation Ukrainians made around 2 million visa-free visits to EU. On 19 December 2018, the Commission published the second report under the visa suspension mechanism. The report follows up on the Commission's obligation under the strengthened visa suspension mechanism, to monitor the continuous fulfilment of visa liberalisation requirements by third countries, including Ukraine. The report confirms that the visa liberalisation benchmarks continue to be fulfilled by Ukraine. The country continued to take measures to address irregular migration challenges and made some progress to safeguard anti-corruption measures introduced with previous reforms.

Russia

The EU-Russia PCA came into force in 1997. Ministerial meetings for Freedom, Security and Justice area (PPC) were organised regularly until the Ukraine crisis. The Visa Facilitation and Readmission Agreements entered into force on 1 June 2007. On 11 April 2011 the Council adopted the mandate for the renegotiation of the Visa Facilitation Agreement.

However further cooperation with Russia in the Home Affairs area was affected by introduction of Crimea sanctions against Russia in March 2014. Meetings at ministerial (JHA PPC) and senior officials (JHA SOM, Visa Dialogue SOM and Migration Dialogue SOM) level were suspended and all negotiations on new home affairs agreements, namely on visa liberalisation, upgraded Visa Facilitation

Agreement (VFA), Europol and Eurojust, have been suspended. Today, the collaboration with Russia continues mainly at expert level, (such as VFA and Readmission Agreement (RA) Joint Committees, Drugs expert meetings, CT meetings and Migration Dialogues).

Senegal

Senegal is one of the five priority countries identified under the Partnership Framework on migration. Partnership compact launched by visit of Commissioner Avramopoulos in Dakar on 26 July 2016. Rabat Process Steering Committee member and crucial and constructive actor in the Valletta process.

Political dialogue with the EU on migration started in 2016, but political commitments have not been fully turned into action so far; progress on returns and readmissions from Europe remains limited. There is no readmission agreement with the EU for the time being, the bilateral approach prevailing.

During the Political Dialogue (Art 8 of Cotonou) held on 12 June 2019, Senegal has raised the need to find a solution to facilitate the issuing of visas to State officials on mission in Europe (the current diplomatic passports having been withdrawn and the new ones being awaited).

EMLO deployed.

*Relations between the EU and the US have been formalised in 1990 in the Transatlantic Declaration, and further developed in the New Transatlantic Agenda which outlined a new framework for cooperation including a number of areas for joint action. An EU-US Joint Statement endorsed by the EU-US JHA Ministerial Troika in October 2009 (the so-called "Washington Statement") sets out common values and foundations of EU-US cooperation in the JHA area until 2014 and includes a commitment to enhance both political and operational cooperation in various JHA issues. In 2015, the framework of the EU –US cooperation for 2014-2020 was further developed in the "**Renewed EU-U.S. Statement on Enhancing transatlantic cooperation in the area of Justice, Freedom***

and Security".

Further to this commitment cooperation has been developed on migration and asylum issues in the context of the EU-US Cooperation Platform on Migration and Refugee issues, launched in 2010. Activities included areas such as unaccompanied minors, biometrics, refugee resettlement, trafficking in human beings, development of capacity building for migration management in third countries and contribution of the Diaspora to the development of countries of origin of migration. However, recently the global migration management issues with the US are mainly discussed in the UN/IGC framework and issues related to border management and visas are also discussed in the regular EU US Justice and Home Affairs Senior Officials and Ministerial meetings.

Part 3 - The global processes

GLOBAL FORUM FOR MIGRATION AND DEVELOPMENT

The GFMD is an initiative of the UN Member States to address the migration and development nexus in practical and action-oriented ways. It is an informal, non-binding, voluntary and government-led process.

The process emerged after the UN High-level Dialogue on International Migration and Development on 14-15 September 2006. The second High-level Dialogue on 3-4 October 2013 confirmed the GFMD as a valuable forum for holding frank and open discussions, which has helped to build trust among participating stakeholders.

The 8th GFMD Summit came immediately after the adoption of the 2030 Agenda for Sustainable Development, which includes migration as a recognised development enabler. During Turkey Chairmanship, an important feature was the insertion of forced displacement and refugees on the agenda, not the least due to the Syrian refugee crisis.

Ecuador is currently chairing the process.

UNITED NATIONS

The 2030 Agenda for Sustainable Development adopted by the United Nations General Assembly on 25 September 2015 recognizes that migration contributes to circular growth and development. It calls on UN Member States to increase international cooperation by facilitating orderly, safe, regular and responsible migration and mobility of people. In this respect, the EU counts on a long-standing strategic partnership with the UN. In December 2018, the Global Compact for Safe, Orderly and Regular Migration and the Global Compact on Refugees were adopted by the UN General Assembly. This concluded the intense two-year process launched with the adoption of the New York Declaration for Refugees and Migrants in September 2016.
